TOWN OFFICERS FOR THE YEAR 1912-1913.

Town Clerk.

JOHN A. RAYMOND. P. O. address, East Weymouth

Town Treasurer.

JOHN H. STETSON. P. O. address, South Weymouth

Selectmen and Overseers of the Poor.

EDWARD W. HUNT, *Chairman*. P. O. address, Weymouth

BRADFORD HAWES, *Clerk*. P. O. address, East Weymouth

GEORGE L. NEWTON, WILLARD J. DUNBAR,
A. FRANCIS BARNES.

Assessors

JOHN F. DWYER, *Chairman* . . . Term expires 1913

FRANK H. TORREY, *Clerk* . . . Term expires 1913

WALDO TURNER . . . Term expires 1915

WARREN T. SIMPSON . . . Term expires 1914

EDWARD I. LOUD . . . Term expires 1914

Collector of Taxes.

WINSLOW M. TIRRELL. P. O. address, East Weymouth

Auditors.

JOHN P. HUNT, WILLIAM H. PRATT,
FRANK N. BLANCHARD.

Engineers of the Fire Department.

MATTHEW O'DOWD, *Chief*. P. O. address, South Weymouth

WALTER W. PRATT, *Clerk*. P. O. address, East Weymouth

JOHN Q. HUNT, CHARLES W. BAKER,
PHILIP W. WOLFE.

School Committee.

H. FRANKLIN PERRY	.	.	.	Term expires 1913
CLARENCE P. WHITTLE	.	.	.	Term expires 1913
A. LILLIAN MCGREGOR	.	.	.	Term expires 1914
ARTHUR H. ALDEN	.	.	.	Term expires 1914
PRINCE H. TIRRELL	.	.	.	Term expired 1915
THERON L. TIRRELL	.	.	.	Term expires 1915

Board of Health.

PATRICK BUTLER,	THOMAS FITZGERALD,
ARTHUR H. PRATT,	JOHN D. WALSH,
GEORGE B. BAYLEY,	GEORGE W. CONANT,
JOHN L. MAYNARD,	ELBERT FORD.

Commissioners of Ward Two Schoolhouse Sinking Fund.

HENRY A. NASH . . .	Term expires 1914
FRANK H. TORREY . . .	Term expires 1915
WILLARD J. DUNBAR . . .	Term expires 1913

REPORT OF SELECTMEN.

To the Inhabitants of the Town of Weymouth:

The report of the Selectmen for the year ending December 31, 1912, together with the annexed schedule of appropriations and expenditures, as prepared by the Accountant, is hereby submitted:

APPOINTMENTS.—The appointed officers have in the main remained the same as last year. The Superintendent of Streets is an exception to this statement. The town having directed the appointment of a man holding no other town office this position was filled by the appointment of John L. Maynard. Mr. Maynard having worked upon the streets for many years and used them extensively in his business of teaming, is, perhaps, as familiar with their needs as any one who could be selected. He entered upon his duties on April 1st and has handled the business of his office with zeal and energy, and with a good degree of efficiency.

In accordance with the authority conferred on him at the last annual meeting, the Accountant has employed a general office clerk whose duties are to do the clerical work of the Assessors, to assist the Accountant and make himself generally useful in the office. Emerson R. Dizer was appointed to the position at the salary provided for by the town, viz., \$600.

Mr. Dizer has had exceptional facilities for becoming familiar with the duties of the office, having been employed by Mr. Cushing a considerable part of the time for the last two years. We consider the appointment a wise one and heartily endorse it.

The town, at a special meeting held November 30, 1912, having voted to accept the so-called Tenement House Act of that year, which provides for the appointment of an inspector of buildings thereunder, we appointed to that position Matthew R. Loud, for a term ending April 1, 1913, with the understanding that no payment was to be made for such service until provision shall have been made for the same by the town.

HIGHWAY REPAIRS.

There is always an opportunity to expend much more money on the repairs of highways than the appropriation provides for. It has been our purpose to have all of our town ways kept in safe and reasonably commodious condition. Owing to the weather conditions considerable work became necessary after the time when the ground is usually frozen and the appropriation was thereby exceeded to a small amount.

NEW WORK.

The special appropriations for new work were expended as follows: Evans street, Standish street and Squanto road were completed, also the sidewalk on Bates avenue. The \$800 appropriated for Whitman street was used in putting the street in reasonably good condition for foot travel throughout, thus accommodating those who wish to reach the James Humphrey school thereby.

In order to complete this street an additional appropriation will be needed.

The retaining wall on Norton Street has been built as far as the appropriation would carry it.

The curbing and sidewalk at Lovell's Corner has not been completed.

The furnishing and setting of the curbstone on the four corners was let out at contract in 1911 for the amount of the appropriation, viz.: \$200; this being a much lower price than the cost would have been if done by day labor.

In the progress of the work the contractor was trustee, and the amount due him at the time was necessarily held up. This gave the contractor an opportunity, of which he took advantage, to claim that the withholding of his pay was a breach of contract on the part of the town and he declined to finish the work under the contract and it was continued under day labor conditions. The case was not finished in court so that we could settle for the amount due until after the last annual meeting. The cost of the work done by the day was so much greater than the estimate that with the appropriation of \$100 made in the March meeting there remained but \$21 balance, and the work was consequently not taken up. One corner remains to be curbed.

GUIDE BOARDS.

The guide boards required by law to be maintained are in serviceable condition, though some of them should be renewed or repaired.

BRIDGES.

The bridge over the herring brook on Broad street is in need of rebuilding, and an appropriation is asked for that purpose. When this bridge is rebuilt we think it would be wise economy on the part of the town to have the structure of such material as will obviate the necessity of constant repairs.

After the serious interruption of travel over the Weymouth and Quincy and Weymouth and Hingham bridges of the last two years, we are glad to report both of these bridges now open to public travel.

STATE ROAD.

In accordance with the vote of the town we have filed a petition with the Highway Commission for the taking as a State Highway of that part of Washington street, between its junction with Main street and the division line between Weymouth and Hingham.

This petition is now pending.

SIDEWALKS.

Improved sidewalks have long been one of the urgent needs of our town.

The acceptance by the town of the so-called Betterment Act, in its application to the construction of sidewalks, was, we are convinced, a move in the right direction.

We have made a good beginning in this work, having laid about a mile of concrete walk of excellent quality. One-half the cost of this has been assessed upon the abutters. It does not seem to be generally known—notwithstanding the fact that we called attention thereto in the local press—that if the owner of land abutting on a street where a sidewalk has been constructed under the Betterment Act “within thirty days after receiving notice of a sidewalk assessment thereon or of any charges made for widening or otherwise improving any sidewalk, notifies in writing the Board of Assessors to apportion the same, the Assessors shall apportion it into such number of equal parts, not ex-

ceeding ten, as the owner shall request in said notice, but no one of said parts shall be less than five dollars, and the Assessors may, in their discretion, without said notice to them, make such an apportionment at any time before proceeding to enforce the collection of the assessment or other charges." The interest on the unpaid balance to be added annually. Acts of 1908, Chapter 216.

The object of this law is evidently to make this assessment as little burdensome as may be.

We trust this work will be continued until all of our principal streets are provided throughout with at least one good sidewalk.

It would be an injustice to the abutters on the streets, where sidewalks have been built, should the work not be continued.

STREET OILING.

The subject of street oiling has been one of the most perplexing matters with which we have had to deal. Owing to the long-continued dry weather of the spring and early summer we were met by conditions of unusual difficulty in determining how best to preserve the streets so that they could be used with a fair degree of comfort to travellers. They became extremely dusty and as the season advanced began to break up in many places. We disliked exceedingly to see roads which had been put in good condition the previous season going to pieces for want of a dressing of oil. The call for oil by the people using the streets and by the residents along them who were annoyed by the clouds of dust were so persistent that we finally applied the oil much in excess of what was originally intended. In so doing the appropriation was exceeded by \$2,534. Unless a much larger proportion of the cost was assessed on the abutters than what we considered just, this, under the circumstances, seemed unavoidable.

When both the summer and winter condition of the streets are considered the question of how far it is advisable to go in street oiling is one of considerable difficulty, especially in the case of gravel roads, which most of ours are. Undoubtedly, the asphalt oils are best adapted to keeping the streets in good condition in the summer, but they operate to make the surface muddy and disagreeable in times of wet weather and when the frost is coming out of the ground.

We have to some extent used the so-called emulsion oils; that

is, oil so treated that it emulsifies with water when used in about the proportion of one to twenty. This treatment has the following advantages: cleanliness when applied, no expense for sanding, no mudding up when the ground becomes wet. On the other hand it is not effective in keeping the dust laid in a dry time unless used as often as once in one or two weeks and it fails to produce the hard dustless surface so much desired.

ARTICLES FOR THE WARRANT.

It is a fact apparent to all that our warrant for the annual meeting has of late years grown to almost an alarming length.

The Selectmen are supposed to insert all articles necessary for the regular appropriations. They are moreover required by law to insert such articles as are presented to them with the signatures of ten or more citizens of the town. It is usually the case that a number of articles are presented with a less number of signers than above—sometimes with a single name.

As an act of courtesy to the persons interested we have inserted all such articles in the warrant for the present season. We would, however, suggest the advisability of all articles designed for future warrants bearing the legal number of signatures. It is easily conceivable of a warrant growing to such formidable length that the Selectmen would feel compelled to exclude all articles which they were not legally required to insert, or possibly be placed in the embarrassing position of admitting an article for one person and declining to do so for another.

POLICE.

Owing to the Weymouth and Hingham bridge being closed for rebuilding, a very heavy automobile travel was diverted from Bridge street, nearly all of which passed through Jackson square occasioning an almost constant stream of travel, especially on Sundays and holidays. This stream of automobile travel, together with the large number of summer travellers by the street cars, many of whom are transferred at this point, created a condition which made it necessary to place an extra officer on constant duty there all through the season of summer travel. Considerable difficulty was experienced with some of the automobile drivers at first who wished to take the square at the same rate of speed as

they travelled elsewhere. However, they soon learned that the officer was there for business and the greater part of them gave but little trouble after the first few weeks. The employment of this extra officer will occasion a small deficiency in the police appropriation. The new bridge over Back river being now open for public use it is expected that the summer travel to Nantasket, both by automobile and trolley cars, will resume its natural course the coming season.

SUITS AT LAW.

No action has been taken during the year in the matter of the petition of Louis A. Cook for an assessment by a jury of his land damages sustained in consequence of a taking made in the widening of Pleasant Street and the case is still pending-

The case of James J. Naughton to secure money paid for seventy four alleged invalid tax titles has been further heard by the auditor, Winfield S. Slocum, Esq., but hearings are not concluded.

By writ dated March 1, 1912, Johanna Burke brought suit against the town in the sum of ten thousand (10,000) dollars to recover damages for personal injuries sustained by her in consequence of an alleged defect in the westerly sidewalk on Neck Street, opposite the premises of Alexis Torrey, while walking on said sidewalk May 25, 1911. It is expected the case will be heard at Dedham early in February.

On June 25, 1912, Alvin Hollis and Nelson W. Gay filed a petition in the Supreme Judicial Court against the water commissioners of the town of Weymouth asking for a writ of mandamus to require the water commissioners to issue to the petitioners a permit to boat and fish in Weymouth Great Pond. The matter came on for hearing before the court on July 8 and was referred to Walter H. Hitchcock, Esq., as auditor to find the facts.

Hearings were had during the month of July and on August 2d, the auditor filed his report which on October 29th was confirmed by the court and a decree entered dismissing the petition. To this decree the petitioners filed exceptions preliminary to taking the case before the full bench of the Supreme Judicial Court. A copy of the report and decree follows :

AUDITOR'S REPORT.

Pursuant to the order of the Court appointing me Auditor in this case, I have heard the parties and their evidence and now report my findings of fact to the Court.

The petitioners are inhabitants and taxpayers of the Town of Weymouth. The respondents are also inhabitants of that town and its duly appointed Water Commissioners. All the parties are residents of Norfolk County, and none of them have usual places of business in Suffolk County.

Weymouth Great Pond is a natural pond of about two hundred and ninety acres in area, situated in the southerly part of the Town of Weymouth. At the suggestion of the Court I took a view of the pond and its vicinity. It is an attractive sheet of water about one and one quarter or one and one half miles in length and of an average width of about one half a mile. Its shores are for the most part wooded, and though in part they consist of swampy land a substantial portion of them are suitable and attractive for camping or building purposes. There are now sixteen small summer cottages or camps scattered around the shores of the pond. Many of them, however, appeared to be unoccupied at the date of my view, July 10, 1912. There are three gunning stands on the shores of the pond, which are used in the fall for the purpose of shooting wild ducks and geese that may come to the pond. At one end is an ice house used by a local ice company capable of storing five thousand tons of ice. At the other end is a large ice house owned and used by a Boston ice company, and having a capacity of about fifty thousand tons. These houses are in regular use for the storage of ice cut from the pond. There is another smaller ice house not now in use.

Some twenty-seven years ago the Town of Weymouth, acting under statutes of 1881, chapter 171, adopted Weymouth Great Pond as the source of its public water supply. The pond has ever since been the sole source of that supply. A very large portion of the thirteen thousand inhabitants of the town, probably ninety per cent of them, are users of the water. The water system is under the supervision of the Board of Water Commissioners.

In 1903 the State Board of Health made certain rules and regu-

lations for the protection of the water of the pond. Sections 14 and 15 of these regulations are as follows :

14. No person shall bathe in, and no person shall, unless permitted by a special regulation or by a written permit of the Board of Water Commissioners of the Town of Weymouth, fish in, or send, drive or put any animal into Weymouth Great Pond, so called, said pond being in the town of Weymouth and used by said town as a source of water supply. No person other than a member of said Board of Water Commissioners, its officers, agents or employees, or public officers whose duties may so require, shall, unless so permitted by regulation or permit of said Board, enter or go, in any boat, skiff, raft or other contrivance, on or upon the water of said pond, nor shall enter or go upon, or drive any animal upon, the ice of said pond.

15. No person shall enter upon Weymouth Great Pond, so called, said pond being in the town of Weymouth and used by said town as a source of water supply, for the purpose of cutting or taking ice, or cut or take ice from said pond, without a written permit signed by the Board of Water Commissioners of the town of Weymouth, stating the time and place for which such permission is given.

These regulations are still in force.

Whether or not the delegation of authority to the Water Commissioners to issue permits contained in these sections was valid when the regulations were originally adopted, it became valid after the passage of statute of 1907, Chapter 467.

Prior to 1903 the use of this pond seems to have been entirely unrestricted. There were boats to let upon the pond and people from Weymouth and other towns frequently came there to boat and fish. After the adoption of these rules by the State Board of Health and down to January 1, 1911, permits to boat and fish were issued by the Water Commissioners with little or no restriction to such taxpayers of the town as applied for them. No letting of boats was allowed and the permits were not transferable. Most of the camps and cottages now about the pond have been built since 1903, and most of the boating in recent years has been done by the occupants of these camps. At least two of them are practically inaccessible except by boat. There were about twenty-five boats owned upon the pond in and prior to the spring

of 1911. There are no public picnic or recreation grounds near the pond.

Since about the year 1908 there has been considerable discussion in the town as to the condition of its water supply. This had more especial reference to conditions around the pond than to the pond itself. As a result, the Water Board asked the advice of the State Board of Health, and at its suggestion remedied certain unsanitary conditions in connection with the camps and houses near the pond. For the last two years the Town Board of Health has had the shores and vicinity of the pond under its careful supervision. In their report for 1909, the Water Commissioners called the attention of the town to the probability of future danger to its water supply from an increased number of camps. It suggested that the town consider the advisability of acquiring a part of or all the land bordering on the pond. The warrant for the annual town meeting held on March 14, 1910, contained an article upon this subject, but the town voted against action upon the matter. The warrant for that meeting also contained the following article :

“At the request of the Water Commissioners: To see if the town will instruct the Water Commissioners not to issue licenses for boating and fishing on Weymouth Great Pond.”

The town voted to indefinitely postpone the subject matter of this article. The same matter came before a special town meeting on December 3 and December 9, 1910. A vote to instruct the Water Commissioners not to issue permits was lost on the first occasion by a vote of twenty to forty-five, and on the second occasion by a tie vote of sixty-seven to sixty-seven. At about this time there was also considerable discussion about conditions at the pond among the citizens of the town, both individually and at various public meetings. The Water Commissioners were frequently requested by different individuals to prohibit boating and fishing.

On May 4, 1911, the water Commissioners voted as follows: “That a notice be published in the Gazette and notice be posted around the pond reading, “All boating or entering upon Weymouth Great Pond is hereby strictly prohibited.” Since this date they have declined to issue any permits for boating and fishing. On April 18, 1912, they voted to continue in force the vote of

May 4, 1911. Since these votes they have strictly and impartially enforced the regulation prohibiting boating and fishing and have maintained an officer at the pond during the boating season for that purpose.

I find that in passing the foregoing votes and in maintaining their policy of refusing to issue permits, the Water Commissioners have acted in good faith and with no other motive than a desire to preserve the purity of the waters of the pond. There was no evidence that boating and fishing upon this pond had ever in any way of itself caused a pollution of the water. There has been no disease of any sort in the town traceable to the water supply as its cause. Examinations of the water made by the State Board of Health in 1911 show no perceptible change in the water after a year or more of no boating. Very probably boating could be continued under careful restrictions without danger; but looking at the matter broadly I find that the action of the Water Commissioners was not unreasonable or arbitrary. They were unwilling to take any unnecessary chance of danger in the future. Boating of itself may cause some danger of pollution, especially if diseased or careless persons go upon the pond. Then the increase in the number of camps and cottages about the pond would tend to increase the danger of pollution from that source. The prohibition of boating would discourage the building of such camps and prevent the pond from becoming a summer resort. The growth of the town and certain changes in the character of the population in that part of it made it seem wise to the Commissioners to adopt a farsighted policy. They have acted on the reasoning just suggested and have been influenced not so much by actual danger in the present as by future probabilities.

Since 1903 and including the winters of 1911 and 1912 the Commissioners have issued permits to cut ice to two ice companies located upon the pond. These permits during the last winter were subject to restrictions in matters where there was danger of pollution, and an officer was kept at the pond to enforce the restrictions. The cutting of ice requires the presence of many men and a number of horses upon the pond during the ice cutting season, which usually lasts from two to three weeks. Even though this work is done in the winter and for a brief period only,

it seems difficult to say that it is not much more likely to cause a pollution of the water than a whole season of boating by a restricted number of persons. I have no doubt that the Water Commissioners would be glad to stop ice cutting entirely if they felt they could properly do so, but the ice companies own much land about the pond. One of them maintains a large and valuable plant and to a certain extent furnishes an industry to the town. The other supplies at least a part of the ice used by the citizens of the town. To prohibit ice cutting would be a direct and serious damage to these companies. The Water Commissioners, therefore, feel that they should for the present permit them to take ice from the pond under careful restriction and supervision. Under all the circumstances, I cannot find that they have acted unreasonably or arbitrarily in making this decision.

The result of the action of the Water Commissioners has deprived many of the residents of South Weymouth of a privilege that they have long enjoyed, and they have no other convenient opportunity for boating or fishing. Many of them protested against it, though others of the residents of that part of the town were advocates of the policy of the Commissioners. In the summer of 1911 several meetings of protest were held in South Weymouth, the first being attended by one hundred people. An application for permits was signed by about sixty residents of this section and sent to the Commissioners.

In August, 1911, the petitioner Alvin Hollis, who is a respected and law-abiding citizen, solely for the purpose of raising the question of the validity of the Commissioners' action and actuated by no other motive, went upon the pond and permitted himself to be arrested for a violation of the regulations. He was convicted and sentenced to pay a fine of twenty-five dollars in the District Court. He appealed to the Superior Court and was again convicted in December, 1911. No sentence has been imposed and exceptions have been filed to carry the case to the Supreme-Judicial Court.

In November, 1911, the petitioners and those interested in their cause were given a hearing by the State Board of Health upon a petition that the respondents be required to issue permits. At that hearing several of the respondents stated to the State

Board that they would be willing to issue such permits if the State Board would designate the persons who should receive them. So far as appears, the State Board has taken no action upon this petition or in the matter.

The petitioners have both been refused permits by the respondents in 1912, upon the ground that the Board had decided to continue its policy of issuing no permits whatever. The application of the petitioner Gay was in the following language: "If the Board have voted to grant permits to boat and fish this year, please mail one to me."

I submit to the Court the question whether upon the foregoing findings a writ of mandamus should issue.

[Signed] W. H. HITCHCOCK,

Auditor.

ORDER OF COURT.

This cause came on to be heard upon the auditor's report and was argued by counsel, and thereupon, upon consideration thereof, it is ordered, that the petition be and the same is hereby dismissed.

By the Court.

STREET LIGHTING.

The matter of street lighting having been placed in the hands of the Selectmen at the last annual town meeting, the Board took up negotiations with the Weymouth Light & Power Co., at the stage it was left by the committee on electric lighting for the proceeding year but with no better success.

The company declined to reduce its price for lights unless a contract of three or five years was entered into. No new contract was made and the light was continued to be furnished under the contract of last year.

Being unable to secure either a reduced price or more lights at the same cost, the Selectmen, in accordance with their instructions, filed with the Board of Gas and Electric Light Commissioners, a petition in which the vote of the town was set out, with a statement of the failure to obtain concessions from the company and requesting a hearing before the Board at its earliest convenience, for the consideration of the street lighting conditions

of Weymouth and especially for such action as would secure a greater number of lights without additional cost.

At the suggestion of the commissioners, the Selectmen had a conference with them, also consulted with an expert on certain features, considered all phases of the situation and came to realize that it was incumbent upon them, as petitioners, to furnish the commission, as aid for its intelligent action, some information of conditions beyond that contained in a bare statement of the price the town was paying for its street lighting.

The law says that the "Commissioners may order any reduction in the price of gas or electricity or improvement of the quality thereof" but it can hardly be expected that any official board empowered with such authority and bound to deal justly with a company as well as with the town will arbitrarily reduce a given price simply because it is asked to.

The type of lamp used, the candle power, kind of service, success of one side or the other in making a good trade, and other conditions vary so greatly in different places, that the price paid by other towns to other companies for street lighting, while to a certain extent a standard, yet by no means constitutes the sole consideration.

Investigations like the one petitioned for usually bring forth from the company a protest that no reduction in price should be ordered until certain essential features had been duly considered, such as valuation of the plant irrespective of capitalization, the amount the company should be allowed to charge for depreciation, operating expenses and a reasonable return on capital.

This in turn suggests the inquiry on the other hand, as to whether the company, in methods and machinery is maintaining and is economically operating its plant to a proper degree of efficiency and whether the cost of and prices charged to its commercial customers bears a proper ratio to the cost and prices asked for street lighting.

In all these matters, the company having the advantage of a more intimate knowledge of its property and affairs and, therefore, able to place the cost of generating, distribution and maintenance in a more convincing form than the selectmen could hope to do without the aid of some one having special knowledge of the practical operation of an electric light plant and of the other

elements likely to be taken into consideration in such a proceeding, and as no appropriation was made to enable them to procure this aid the Selectmen did not feel justified in going further with the inquiry under the circumstances.

Had means been available which the Selectmen felt warranted in using, they would not have hesitated in going ahead with their petition but would have felt bound to do so.

They have arrived at the conclusion that, unless the town is ready to consider a contract for a term of years, if no better figures are submitted by the company for next year's lighting the town consider the advantage of making a moderate appropriation, to be used if necessary, in preparing the case more completely for presentment to the Commissioners.

We recommend that a system be adopted which shall provide for a definite yearly increase in the appropriation until all of our streets are lighted and that the policy be adopted of first lighting the principle streets throughout and then other streets taken up in relation to the volume of public travel which they accommodate.

We have secured proposals from the Light & Power Co. and the O. C. Gas Co. for lighting the streets for a term of years by which a somewhat more favorable price is given than when, as heretofore, the price is made year by year.

We recommend for the consideration of the town the advisability of an all night service for our principle squares.

WEYMOUTH, Mass., Jan. 21, 1913.

Weymouth Board of Selectmen, Weymouth, Mass.:

GENTLEMEN—We beg leave to submit the following proposition for your consideration :

“ For the sum of \$30 per lamp per year we will furnish and install, light, extinguish and maintain about three hundred and sixty 60-candle power incandescent gas lamps, and for the sum of \$37.50 per lamp per year we will furnish and install, light, extinguish and maintain about one hundred 60-candle power incandescent naphtha lamps, or as many more as may be necessary, either style, in the streets of Weymouth, for a term of three years. The style of lamp to be The Welsbach Street Lighting Company of America, boulevard post and lamp. Location of lamps to be approximately the same as the existing street lights, or as near as possible to these locations, such locations being subject to the

direction of your Board. All lights to burn from dusk until dawn every night in each month. Naptha lamps to be used on streets where there are no gas mains, and to be converted to gas lamps as the mains are extended from time to time."

Very truly yours,

OLD COLONY GAS CO.,

C. G. GOELTZ, Manager.

EAST WEYMOUTH, MASS., January 27, 1913.

Honorable Board of Selectmen, Town of Weymouth:

GENTLEMEN — We hereby submit the following proposals for lighting the streets of Weymouth as per your request of December 31, 1912.

All prices to be figured on the basis of 40 Watt lamps for single incandescent lights and so-called 1200 candle power enclosed arc lamps, the lamps being similar to the ones at present installed in the town of Weymouth. The lamps will be operated on the moonlight schedule, burning until 1 A. M. during the summer months and burning until 12.30 A. M. and from 5.30 A. M. until daylight in the winter months.

Prices for a one year contract will be \$17 per 40 watt incandescent lamp and \$70 for each arc lamp.

If the town will enter into a contract for a period of five years the price for a 40 Watt incandescent lamp will be \$16.60 and for an arc lamp \$68.50.

If the town will enter into a ten year contract the price will be \$16.20 for a 40 Watt incandescent lamp and \$67 for an arc lamp.

These prices you will find will compare very favorably with prices charged in similar towns throughout the State.

We will also agree in the event of at least a five year contract being entered into that we will patrol each circuit at least once a week and have a man during the evening whose duty it will be to see that all lamps not burning shall be replaced as soon as reported.

Trusting this will be satisfactory, we remain,

Yours respectfully,

WEYMOUTH LIGHT AND POWER CO.,

GEORGE W. PERRY, General Manager.

WEYMOUTH BACK RIVER BRIDGE.

The Legislature, by Chapter 227 of the Acts of 1912, increased the amount which the Bridge Commissioners were authorized to expend in building a new bridge from \$80,000 to \$105,000.

The Commissioners thereupon assumed the undertaking. The contract for the abutments, piers, fences and filling of the approaches was awarded to John Cashman & Sons of Quincy, and that for the steel and draw to the Boston Bridge Works.

Work began in the early spring and has proceeded until the present time. It is now practically completed, although the surface of the approaches is not to be macadamized until warmer weather.

In place of the wooden bridge, built more than one hundred years ago, and which since 1870, Weymouth has borne one-half the expense of maintaining, there is now a substantial, modern in design and more attractive one, constructed of masonry, steel and solid fill.

The highway for some distance at each end of the bridge has been straightened and the grade made easier. The roadway of the new bridge is 35 feet in width and 8 feet higher in grade than that of the old one. The draw opening has been increased from 24 feet to 50 feet, in accordance with the requirements of the United States Government, and upon either side of the draw is 100 feet of steel construction. The bridge is provided with a Scherzer lift draw, operated by electricity, requiring only about 30 seconds to open. About 200 feet of the 450 feet of the old bridge structure has been filled in solid with gravel. The Commissioners are well within the \$105,000 appropriation.

The second bill providing for some contribution from the General Government toward the expense of the work ordered by the War Department and which was pending before Congress at the time of our last report, was even more vigorously opposed than the first. However, it passed the Senate in its original form, but in the House of Representatives the amount was cut to \$15,000, and this sum was appropriated toward the cost of the new draw. The balance of the cost of the whole work is paid for as follows:

Commonwealth of Massachusetts	45%
Norfolk County	20%
Plymouth County	20%
Street Railway Company	15%

FORE RIVER BRIDGE.

The work of alterations and repairs on the Weymouth Fore River Bridge authorized under Chapter 230 of the Acts of 1911 has been completed at a total expense of \$85,392.30 of which the Fore River Ship Building Company paid \$24,600 and the balance was apportioned as follows:

Quincy,	33 per cent.	\$20,061 46
Norfolk County,	20 " "	12,158 46
Street Railway Company,	15 " "	9,118 84
Hingham,	11 " "	6,687 15
Weymouth,	10 " "	6,079 23
Hull,	2 " "	1,215 85
Scituate,	2 " "	1,215 85
Marshfield,	1 " "	607 92
Cohasset,	6 " "	3,647 54

AUDITOR'S REPORT.

The Auditors respectfully submit the following report. We have examined the books and accounts of the Town Treasurer, Treasurer of the Water Loan and Sinking Fund Commissioners, Beals Park Fund, Treasurer of the Tufts Library and Sealer of Weights and Measures and find them correct.

The accounts and securities of the Tufts Lecture Fund, Tufts Cemetery Fund, Tufts Sidewalk Fund, Pratt School Fund and the Augustus J. Richards Fund have also been examined and the investments found satisfactory.

We find the Registers of the Town Accountant and the cash book of the Treasurer agree as to the amount of orders paid and balance remaining unpaid January 1, 1913.

Balance of orders unpaid January 1, 1912	\$7,569 71
Amount of orders drawn during the year 1912	402,927 30
Total	<u>\$410,497 01</u>
Amount of orders paid by Treasurer for 1912	407,264 63
Balance of orders unpaid January 1, 1913	<u>\$3,232 38</u>

TAX COLLECTORS.

We have examined the books of the Tax Collectors beginning with the year 1905, and submit the following report:

JOHN P. HUNT,
WILLIAM H. PRATT,
FRANK N. BLANCHARD,
Auditors.

REPORT OF THE TOWN ACCOUNTANT.

WEYMOUTH, MASS., January 1, 1913.

To the Board of Selectmen and Overseers of the Poor:

GENTLEMEN:—The eleventh annual report of the Accounting Department is herewith submitted, showing in detail the expenditures of the town during the past year.

Respectfully,

CHARLES B. CUSHING,

Town Accountant.

EXPENDITURES IN DETAIL FOR 1912.

CHARLES B. CUSHING,
Town Accountant.

REPORT OF OVERSEERS OF THE POOR.

The report of the Overseers of the Poor for the year ending December 31, 1912, is respectfully submitted as follows:—

TOWN HOME AND FARM.

In the latter part of the month of March the board received from Henry F. Cater his resignation as superintendent of the home, the same to take effect on April first. The resignation of Mr. Cater was accepted and we at once opened negotiations with James W. Eldridge, then in Winchendon, to take charge of the home. Mr. and Mrs. Eldridge were under consideration for the position in the spring of 1911, but at that time did not see fit to change their location. An agreement was entered into with them whereby they were to fulfil the duties of superintendent and matron of the home and employ all needed help for the ordinary running of the establishment for \$1,800 for the year, and they entered upon their duties the second week in April.

Our experience with Mr. and Mrs. Eldridge thus far has justified our opinion that they are peculiarly adapted to the position. Before coming to us they had served six years at the Winchendon Almshouse, previous to which Mr. Eldridge was for several years engaged at the State Farm in Bridgewater.

The conditions at the home were found to be such as to demand a quite general renovation of many of the rooms and the relaying of some of the floors.

A beginning was made on this work and six of the rooms which were in the worst condition were thoroughly renovated, but without a special appropriation we did not feel at liberty to do all that should be done. We recommend that the work be continued the coming year until all of the rooms are put in proper condition.

We have visited the house at frequent intervals during the season and are convinced that good conscientious work is being done and that the management is such as to promote the well-being of the inmates and the interests of the town. The work upon the

farm has been handled with intelligence and with satisfactory results. All of the inmates who are fit for manual labor are required to work according to their several abilities. The fence rows have been cleared of brush, thereby adding much to the appearance of the farm; also a tract of about two acres of the rough land is now under process of reclaiming and is expected to be available for tillage purposes the coming season.

With the great majority of the inmates men, many of whom are addicted to the use of intoxicants, it has been true in the past that liquors have been brought upon the premises to a considerable extent.

When Mr. Eldridge assumed the duties of his office he was cautioned to give special attention to the regulation concerning this offence, and he has, we believe, faithfully enforced the regulation. Every person who comes to the house as an inmate, if suspicion exists in this respect, is examined, and if liquor is found on him it is confiscated.

INMATES.

The whole number of those who have been inmates of the home for the whole or a portion of the year is 67, 53 of whom were males and 14 females. Number remaining Dec. 31—34. These were in age as follows :

Under 20 years of age	5
Between 20 and 30	2
“ 30 and 40	1
“ 40 and 50	4
“ 50 and 60	12
“ 60 and 70	18
“ 70 and 80	16
Over 80	9

DEATHS.

The number of deaths which have occurred is 6.

RECOMMENDATION.

It will be necessary to shingle the north side of the house the coming season, which together with the needed interior improvements, will call for an outlay of about \$1,000.

The net cost of running the home has been \$5,643 27

The cost per week for each inmate . . . 3 83

POOR OUT OF THE HOUSE.

We are glad to be able to report a somewhat improved condition in regard to expenditures for the outside poor. It has been our endeavor to keep the account as low as possible without injustice to the worthy poor whom by misfortune or the death of the wage earner have been forced to apply for public relief.

The amount expended in this department has been \$1,237 less than for the previous year.

We hope this is an indication of a permanent improvement in the showing of this account.

The whole number aided was as follows:—Of the town's poor 194 individuals, in 123 families of one or more, of whom 55 were males and 98 females. In addition to the above we have aided 41 individuals in 26 families of one or more who have no settlement in this town.

The cost for the department has been as follows:—

For the town's poor	.	.	.	\$6,549	16
In city hospitals	.	.	.	278	36
For those having no settlement here				1,538	86
Total	.	.	.	\$8,366	38

The physicians appointed to attend the poor were as follows: For Ward One and the Town Home, William A. Drake; Ward Two, John C. Fraser; Ward Three, Franklin P. Virgin; Ward Four, Karl H. Granger; Ward Five, Edward N. Mayberry.

In our opinion the time has arrived when the town should consider seriously the erection of a new building for our Town Home.

The present building has for several years been subject to criticism by the State Board of Charity. It has served its purpose for about seventy-five years, but is entirely inadequate to meet the present day requirements for a building of this character. We do not expect that any action will be taken in regard to the matter at the coming town meeting further than possibly to choose a committee to take it under consideration and report at a future meeting.

We learned recently that two small lots of land on the easterly side of Essex Street, belonging to Martin Killoury, were upon the market. This land is immediately opposite the town farm, and it seemed to us that it would be very objectionable to have it

built upon, perhaps by parties who might prove objectionable neighbors.

We obtained a price from Mr. Killoury, which seemed reasonable to us, viz. : \$125, and have purchased the land. We trust this action will meet the approval of the town.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Overseers of the Poor of Weymouth.

TOWN CLERK'S REPORT.

ANNUAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Weymouth aforesaid qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit: In precincts numbered One, Three, Five and Six, in the halls of the Fire Engine Houses located in those precincts respectively, in precinct numbered Two, at the Odd Fellows Opera House, and in precinct numbered Four, at the Hose House at Nash's Corner, on Monday, the fourth day of March next, at five o'clock and forty-five minutes in the forenoon, then and there to bring in to the wardens of their several precincts their votes on one ballot for the following named town officers, to wit: Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, one Assessor for three years, one Assessor for two years to fill a vacancy occasioned by the death of Gilman B. Loud, Collector of Taxes, three Auditors, two School Committee for three years, one School Committee for two years to fill a vacancy occasioned by the removal from town of Lester H. Horne, one Water Commissioner for three years, one member of the Board of Health for three years, one Park Commissioner for three years, three Trustees of Tufts Library for three years, one Commissioner for the Sinking Fund of the James Humphrey School House for three years, one Tree Warden and ten Constables; and to vote on the same ballot, " Yes " or " No " upon the following question :

" Shall license be granted for the sale of intoxicating liquors in this town? "

The polls will be opened at a quarter before six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

You are further required to notify and warn said inhabitants qualified to vote as aforesaid to meet at the Town Hall, on Monday, the eleventh day of March next, at nine o'clock and fifteen minutes in the forenoon, then and there to act on the following articles, namely :

ARTICLE 1. To choose a Moderator for said meeting.

Art. 2. To choose all necessary town officers other than those elected by ballot, viz.: Public Weighers, Surveyors of Wood, Lumber and Bark, two or more Fence Viewers, two or more Field Drivers and one Pound Keeper.

Art. 3. To hear and act upon the reports of the several boards of town officers and of any committee appointed at any former meeting, and to choose any committees the town may think proper.

Art. 4. To see if the town will authorize its Treasurer, with the approval of a majority of the Board of Selectmen, to borrow during the municipal year beginning January 1, 1912, in anticipation of the collection of taxes of said year, such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy of said year, giving the note or the notes of the town therefor, payable within one year of the dates thereof.

Art. 5. To see if the town will designate the First National Bank of South Weymouth, the First National Bank of Boston and the National Shawmut Bank of Boston as legal depositories for the funds of the town, and the First National Safe Deposit Company of Boston, Mass., a legal depository for the securities of the town.

Art. 6. To see what sum of money the town will vote to raise and appropriate for the support of public schools and for transportation of pupils to and from school.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the repair of highways, townways and bridges and for the removal of snow.

Art. 8. To see what sum of money the town will vote to raise and appropriate for the purpose of street watering and oiling.

Art. 9. To see what sum of money the town will vote to raise and appropriate for the relief and support of the poor.

Art. 10. To see what sum of money the town will vote to raise and appropriate for relief of disabled soldiers and seamen and for the families of disabled soldiers and seamen, under Chapter 79 of the Revised Laws.

Art. 11. To see what sum of money the town will vote to raise and appropriate for the payment of State and Military Aid and for burials, under the provisions of Chapter 468, of the Acts of 1909, and to determine how much of the same shall be raised by taxation.

Art. 12. To see what sum of money the town will vote to raise and appropriate for the support of the Fire Department.

The three following articles are by request of Committee of Fifteen appointed at last annual Town Meeting to consider advisability of the purchase of an Auto-Hose Wagon, and a possible reorganization of the Fire Department.

Art. 13. To see what sum of money the town will vote to raise and appropriate for the suppression of Forest Fires to be expended under the direction of a Forest Warden.

Art. 14. To see if the town will vote to raise and appropriate a sum not exceeding \$5,500 for the purchase of an Auto-Hose Wagon.

Art. 15. To see if the town will vote to raise and appropriate a sufficient sum of money to purchase a suitable lot of land on or near Middle Street between Central Square and King Oak Hill and erect a modern building suitable for Fire Station, also Police Station with Headquarters.

Art. 16. To see what sum of money the town will vote to raise and appropriate for police service.

Art. 31. To see what sum of money the town will vote to raise and appropriate for the electric lighting of streets.

Art. 32. To see if the town will vote to appropriate from the revenue of the water works for the current year the sum of \$29,600 to be expended for the following purposes, viz: \$20,100 for interest on the Weymouth water loan bonds becoming due the ensuing year; \$7,500 for Superintendent's salary, maintenance of works and pumping station, and \$2,000 for current expenses, Commissioners' and office expenses.

Art. 33. To see if the town will appropriate and direct to be paid to the Trustees of the Sinking Fund out of the income of the water rents for the current year the sum of \$10,000.00 to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth water loan bonds.

Art. 34. To see if the town will vote to appropriate the sum of \$5,000 for the purpose of making further construction of the water works.

Art. 35. To see if the town will appropriate the sum of \$5,000 for installing meters.

Art. 36. To determine in what manner taxes shall be collected

the ensuing year and to fix the rate of interest on all taxes remaining unpaid after the time fixed for payment.

Art. 37. To see what sum of money the town will vote to raise and appropriate for the preservation of shade trees, the same to be expended under the direction of the Tree Warden.

Art. 38. To see what sum of money the town will vote to raise and appropriate for the purpose of continuing the survey and plotting of the town.

Art. 39. To see if the town will authorize its Selectmen to commence suit for the recovery of any money or property due it.

Art. 40. To see what provision the town will make for any deficiencies in the appropriations for the current financial year or for any overdrafts already made.

Art. 41. At the request of the School Committee: To see if the town will vote to purchase a tract of the Susan H. Stetson estate adjoining the lots on which are situated the Hunt and Lincoln Schools, and raise and appropriate \$1400 for this purpose, or take any action in relation thereto.

Art. 42. To see if the town will accept Chapter 306 of the Act of 1911, and if so, whether it will take any action thereunder.

Art. 43. To see if the town will authorize its Selectmen to sell any real estate of which it may be possessed and for which it has no further use.

Art. 44. To see if the town will vote to raise and appropriate or appropriate a sum of money for the purpose of securing land for a public playground or act in any manner in relation thereto.

Art. 45. On petition of Charles M. Baker and fifteen others: To see if the town will raise and appropriate \$125 for the purchase of a deluge set to be placed on the wagon at Ward Three.

Art. 46. By request of M. Sheehy: To see if the town will procure necessary site for three or more bathing places along our shores, one at Weymouth, one at North Weymouth, and one at East Weymouth, in the most convenient places for the use of the town's people.

Art. 47. On petition of Daniel Reidy and eleven others: To see what sum of money the town will vote to raise and appropriate to establish a public bath house at North Weymouth or act in any manner in regard to same.

Art. 48. On petition of W. P. Denbroeder and nine others : To see what sum of money the town will raise and appropriate for old home week.

Art. 49. On petition of W. P. Denbroeder and fourteen others : To see if the town will accept the provisions of Sec. 37, Chapter 19, of the Revised Laws of Massachusetts in its application to the police force, thereby placing said force under the rules and regulations of the civil service.

Art. 50. On petition of W. B. Mathewson and twelve others : To see if the town will vote to raise and appropriate a sufficient sum of money for the removal of garbage and refuse in Ward One.

Art. 51. On petition of the Pond Plain Improvement Society : To see if the town will raise and appropriate the sum of \$100 for a fire alarm box to be placed on Main Street near railroad crossing.

Art. 52. On petition of W. H. Wilde and eleven others : To see if the town will instruct the Board of Fire Engineers to install a fire alarm box at the junction of Pearl and Norton Streets opposite the residence of Franklin T. Blanchard, and raise and appropriate money for the same.

Art. 53. On petition of Elijah Whiton and thirty-four others : To see if the town will vote that fire alarm box be placed on the pole at the corner of Cedar and Hawthorne Streets.

Art. 54. On petition of C. L. Merritt and twenty-one others : To see if the town will vote to raise and appropriate the sum of \$400 for the purpose of graveling the sidewalk on the easterly side of Main Street, commencing at the junction of Middle and Main Streets and running to the division line between Wards Four and Five.

Art. 55. On petition of John F. Sherman and twenty-seven others : To see if the town will vote to raise and appropriate the sum of \$1,000 for the working out of Randolph Street as laid out by the Selectmen of Weymouth or act in any way in relation to the same.

Art. 56. On petition of Peter J. Healey and twenty-one others : To see if the town will vote to raise and appropriate \$500 to be laid out on Randolph Street, including the widening of said street to forty feet. Said improvements to start below the Gavin Estate and end at Sherman's mill.

Art. 57. On petition of F. H. Torrey and twenty-two others : To see if the town will raise and appropriate a sufficient sum of money to build a retaining wall at foot of slope on Norton Street adjoining the cemetery.

Art. 58. On petition of the Pond Plain Improvement Society : To see if the town will raise and appropriate a sufficient sum of money to lay out and complete the sidewalk on the easterly side of Pond Street from Lake View Cemetery to Fountain Square, so called.

Art. 59. On petition of Frank N. Blanchard and eleven others : To see if the town will vote to raise and appropriate the sum of \$1000 toward the reworking of Washington Street from its junction with Main Street to the Hingham line ; the appropriation to be used only in case the Highway Commission appropriates an equal or larger amount under the provisions of Chapter 525, Acts of 1910.

Art. 60. On petition of Michael Sullivan and nineteen others : To see if the town will vote to raise and appropriate a sufficient sum of money to cover the cost of extending the private way from Prospect Street to Richmond Street in Ward Three.

Art. 61. On petition of W. P. Denbroeder and twelve others : To see if the town will raise and appropriate the sum of \$3500 to rebuild Broad Street, East Weymouth, as needed from Commercial Square to Central Square.

Art. 62. On petition of S. F. Pratt and nine others : To see if the town will construct a sidewalk on the westerly side of Bates Avenue from Union Street to Central Street and raise and appropriate a sum sufficient to pay for the cost of same.

Art. 63. On petition of James E. Sheehy and ten others : To see if the town will vote to raise and appropriate a sum of money for a catch basin to drain off water standing in street in front of said petitioner's property on Commercial Street.

Art. 64. On petition of Austin P. Mulligan and twelve others : To see if the town will raise and appropriate a sufficient sum of money for the repairing of Lake Street from Lakeside Avenue to Charles Street.

Art. 65. On petition of George L. Haupt and ten others : To see if the town will raise and appropriate sufficient money to improve the sidewalk on Neck Street between Curtis Street and North Street.

Art. 66. To see if the town will accept the report of the Selectmen upon the laying out of alterations and relocation of a portion of Washington Street at and near its junction with Pleasant Street.

Art. 67. To see if the town will vote to raise and appropriate the sum of \$100 in addition to the amount heretofore appropriated for the setting of curbstones and building sidewalk at Lovell's Corner.

Art. 68. To see if the town will accept the report of the Selectmen upon the laying out of a town way from the water front on Fore river to Pilgrim Road over the private way known as Squanto Road.

Art. 69. To see what sum of money the town will vote to raise and appropriate for the working of Squanto Road as a town way.

Art. 70. To see if the town will accept the report of the Selectmen upon the laying out of a town way from Bridge and Saunders Streets, over the private way known as Ramblers' way to its junction with the private way known as Hawthorne Road.

Art. 71. On petition of Anna M. Shipp and twelve others: To see if the town will vote to raise and appropriate the amount of \$2,000 for the working of Ramblers' way as a town way.

Art. 72. To see if the town will accept the report of the Selectmen upon the laying out as a town way of the private way known as Hawthorne Road, from its junction with Ramblers' Way so called to its junction with Bridge Street.

Art. 73. On petition of Earl D. Williams and eleven others: To see if the town will raise and appropriate \$800 to work the proposed street called Hawthorne Road.

Art. 74. To see if the town will accept the report of the Selectmen upon the laying out of a town way over the private way known as Morrill Street, from Ramblers' Way, so called, to tide water on Fore River.

Art. 75. On petition of William A. Evans and others: To see if the town will vote to raise and appropriate \$300 for the working of Morrill Street, so called, as a town way.

Art. 76. To see if the town will accept the report of the Selectmen upon the laying out of a town way from a point on Broad Street easterly of the property of Joseph Chase, Jr., over the private way known as Bates Avenue, and thence to the James Humphrey School House lot and to a point on Lake Street at or near the southeasterly corner of said lot.

Art. 77. On petition of Robert B. Raymond and ten others : To see what sum of money the town will vote to raise and appropriate for the purpose of working the street proposed under Article 76.

Art. 78. On petition of the Lovell's Corner Improvement Association : To see if the town will vote to place a fire alarm box in front of the Pratt School House on Pleasant Street.

Art. 79. On petition of George L. Haupt and ten others : To see if the town will authorize the placing of an incandescent light at the corner of Neck Street and Curtis Street ; also one between Curtis Street and North Street, on Neck Street and appropriate money for the same.

Art. 80. On petition of Mrs. J. P. Haddie and sixteen others : To see if the town will instruct the light committee to install two lights on Union Avenue between the railroad crossing and Commercial Street.

Art. 81. On petition of Wilfred H. Bartlett and fifteen others : To see if the town will instruct the electric light committee to place an electric light at the junction of Essex and Spring Streets.

Art. 82. On petition of Edward Laskey and twenty-four others : To see if the town will instruct the light committee to extend the electric lights on Randolph Street from Nathaniel Derby's residence to the Holbrook line.

Art. 83. On petition of C. H. Kelley and ten others : To see if the town will vote to install three additional electric lights on Front Street between Liberty Square and the barn of the late James Kelley.

Art. 84. On petition of G. W. Hayden and fourteen others : To see if the town will instruct the light committee to install a light at or near the residence of the late G. W. Tinkham on Front Street.

Art. 85. On petition of August J. Ducker and fourteen others : To see if the town will authorize the placing of a sufficient number of electric lights on Main Street, between the residence of N. R. Ells and Winter Street, and raise and appropriate money for the same.

Art. 86. On petition of Austin P. Mulligan and fourteen others : To see if the town will vote that two electric lights be

placed on Lake Street, one to be located opposite No. 154 Lake Street and another at the corner of Lake and Charles Streets.

Art. 87. On petition of Cassius C. Merritt and ten others : To see if the town will vote to instruct the light committee to install two lights on Park Street between Pleasant Street and Park Avenue, and raise and appropriate money for maintenance of the same.

Art. 88. On petition of Frank H. Graves and thirteen others : To see if the town will place two electric lights on Monatiquot Street, one at its junction with Bridge Street and the other at its junction with Bluff Road, and raise and appropriate a sufficient sum therefor.

Art. 89. On petition of Eugene T. Smith and twelve others : To see if the town will vote that one electric light be placed on Centre Street near Broad and one on Centre Street near Middle.

Art. 90. On petition of Lyman C. Williams and others : That an electric light be placed at the corner of a private way leading off Richmond Street opposite the residence of Matthew Hegarty.

Art. 91. On petition of E. J. Gardner and nine others : To see if the town will vote to instruct the electric light committee to install a light on Adams Place, and raise and appropriate money for the maintenance of the same.

Art. 92. On petition of Ancil Burrell and ten others¹ To see if the town will instruct the electric light committee to install two lights on Lovell street between the residence of Mrs. J. H. Torrey and Lindale avenue, and raise and appropriate money for the same.

Art. 93. On petition of A. S. Frothingham and nine others : To see if the town will instruct its electric light committee to install a light on North Street opposite the residence of Walter T. Pratt, and to raise and appropriate money for the same.

Art. 94. On petition of Myron P. Ford and twenty-nine others : To see if the town will vote to place an electric light at the corner of Myrtle and Hawthorne Streets, and raise and appropriate a sum of money for the same.

Art. 95. On petition of L. V. Prentiss and nine others : To see if the town will place an electric light on Hawthorne Road, North Weymouth, on pole front of house owned by R. J. Egan, and raise and appropriate money for the same.

Art. 96. On petition of Matthew C. Sproul and thirteen others : To see if the town will install and maintain the electric light ser-

vice on Columbian Street, South Weymouth, from Main Street to the Braintree line.

Art. 97. On petition of the Lovells Corner Improvement Association: To see if the town will vote to place an electric light near the residence of G. W. Beardsley on Washington Street, Ward Four.

Art. 98. On petition of A. L. Blanchard and eleven others: To see if the town will instruct the electric light committee to install a light on Broad Street, between Central square and Cain avenue, and raise and appropriate money for the same.

Art. 99. On petition of Fred L. Alden and others: To see if the town will vote to locate an electric light on Bates ave. E. Weymouth.

Art. 100. To see what sum of money the town will raise and appropriate for the equipment of the vault in the town offices with fire-proof fittings.

Art. 101. To see if the town will vote to raise and appropriate a sum of money sufficient for the purchase of a lot of land and the building of a suitable lock-up in Ward Two, or take any action in relation to the same.

Art. 102. On petition of George H. Bass and eleven others: To see if the town will vote to place an additional electric light on Station Street, East Weymouth, between the residence of Henry L. Lovell and Commercial Street.

Art. 103. On petition of B. F. Kowitz and seventeen others: To see if the town will vote to provide proper lighting for East Street.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk on or before the first day of March next.

Given under our hands at Weymouth this eighth day of February, in the year of our Lord, nineteen hundred and twelve.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

WEYMOUTH, February 23, 1912.

Pursuant to the foregoing warrant I have notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and times and for the purposes set forth in said warrant by posting a true and attested copy thereof in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting as therein required.

THOMAS FITZGERALD,
Constable of Weymouth.

A true copy.

Attest: JOHN A. RAYMOND,
Town Clerk.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,
Selectmen of Weymouth.

Art. 4. Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the taxes of the municipal year beginning January 1, 1912, to an amount not exceeding in the aggregate \$170,000, and to issue a note or notes therefor payable within one year, any debt or debts incurred under this vote to be paid from the taxes of said municipal year.

Art. 5. Voted, To designate the First National Bank of South Weymouth, the First National Bank of Boston, and the National Shawmut Bank of Boston, Mass., as legal depositories for the funds of the town, and the First National Safe Deposit Company of Boston, Mass., as a legal depository for the securities of the town.

Art. 6. Voted, To raise and appropriate the sum of \$62,500 and further appropriate one-half of the Dog tax and all receipts from non-resident pupils for the support of public schools and for the transportation of pupils.

Art. 7. Voted, To raise and appropriate the sum of \$7,500 and to appropriate from money now in the treasury \$4,000, and to further appropriate the Street Railway and Excise Taxes, for the repair of highways and town ways, and of this amount \$1,000 be for the removal of snow.

Voted, That a sufficient sum from the appropriation for repairs of highways, under Article 7, be used for the purpose of draining the westerly side of Pleasant Street, in front of property of Irwin B. H. Hawes.

Voted, That the Selectmen first get the Railroad Company to fix the above drain opposite the property of Irwin B. H. Hawes, and if the Railroad Company will not do it the Selectmen shall.

The Moderator appointed the following as Tellers and administered the oath to them: Thomas V. Nash, Walter W. Paatt.

Voted, That the Selectmen appoint a Superintendent of Streets, who shall hold no other town office, and that he be a citizen of the town. (Yes, 240; No, 28).

Voted, That the salary of the Superintendent of Streets be left with the Selectmen.

Voted, That if the warrant is not finished at 12 o'clock to take an adjournment until 1 o'clock.

Art. 8. Voted, To raise and appropriate the sum of \$1,000 for oiling and watering the streets, the balance of the cost of the same to be assessed on the abutters.

Art. 9. Voted, To raise and appropriate the sum of \$10,000 and further appropriate the sum of \$2,000 for the relief and support of the poor.

Art. 10. Voted, To raise and appropriate the sum of \$3,500 for the relief of disabled soldiers and seamen and the families of disabled soldiers and seamen under the provisions of Chapter 79 of the Revised Laws.

Art. 11. Voted, To raise and appropriate the sum of \$300 and appropriate the sum of \$8,000 for the payment of State and Military aid under the provisions of Chapter 468 of the Acts of 1909.

Art. 12. Voted, To raise and appropriate the sum of \$7,500 for the support of the Fire Department, of this amount \$125 be for the purpose mentioned in Article 45.

Art. 13. Voted, That no action be taken on this article.

Art. 14. Voted, That the Board of Engineers act as a committee to investigate and recommend a suitable piece of auto apparatus, preferably one with a pump; to investigate the cost of maintenance, and report at the next annual town meeting; and that other action under this article be postponed until that time.

The following were appointed on the above committee:

Gordon Willis, Charles H. Kelley, Elmer E. Leonard, F. M. Drown, W. B. Dasha.

Art. 15. No action taken.

Art. 16. Voted, To raise and appropriate the sum of \$5,300 for Police service.

Art. 17. Voted, To raise and appropriate the sum of \$2,300 and further appropriate one-half of the dog tax, the income from the Susan Hunt Stetson and Augustus J. Richards funds and the rentals of the library building for the Tufts Library.

Art. 18. Voted, To raise and appropriate the sum of \$500 for the maintenance of a reading room at the Fogg Library.

Art. 19. Voted, To raise and appropriate the sum of \$1,500 for the abatement and remittance of taxes.

Art. 20. Voted, To raise and appropriate the sum of \$2,700 for the payment of interest which may become due the ensuing year.

Art. 21. Voted, To raise and appropriate the sum of \$1,500 for printing and advertising.

Art. 22. Voted, To raise and appropriate the sum of \$3,000 for miscellaneous expenses.

Art. 23. Voted, To raise and appropriate the sum of \$400 for Memorial Day.

Art. 24. Voted, To raise and appropriate the sum of \$800 for the rent and care of town offices.

Art. 25. Voted, To appropriate the income of the rental of the Town Hall for the care and repair of the same.

Art. 26. Voted, To raise and appropriate the sum of \$50 for the care and maintenance of town parks.

Art. 27. Voted, To raise and appropriate the sum of \$2,000 for the suppression of the gypsy and brown tail moths.

Art. 28. Voted, To raise and appropriate the sum of \$8,000 for the payment of town officers, viz. :

Selectmen and Overseers of the Poor	.	\$2,400
Assessors	1,500
Town Clerk	150
Town Treasurer	450
Auditors	150
Sealer of Weights and Measures	200
Tree Warden	100
Registrars of Voters	450
Tax Collector	1,150
Town Accountant	850
General Office Clerk	600

This General Office Clerk shall be hired by the Town Accountant, and shall, under his general direction, do work for the Board of Assessors, the Board of Selectmen, and such other town departments as he thinks advisable.

Art. 29. Voted, To raise and appropriate the sum of \$1,000 for election expenses.

Art. 30. Voted, To raise and appropriate the sum of \$800 for the support of the Board of Health.

Art. 31. Voted, To raise and appropriate the sum of \$8,700 for electric lighting, and out of this appropriation and the accumulation of rebates as may be had, the Electric Light Committee may if necessary provide and install lights to meet the requirements of Articles 79 to 99 inclusive, 102 and 103.

It is recommended that the Electric Light Committee procure a sufficient concession from the price now paid to install the necessary lights called for in these articles.

Voted, That the matter of electric lighting be placed in the hands of the Selectmen, and that if they cannot make satisfactory arrangements with the Electric Light Company that they appeal to the Light and Gas Commission.

Art. 32. Voted, To appropriate from the revenue of the Water Works for the current year the sum of \$29,600 to be expended for the following purposes, viz.: \$20,100 for interest on the Weymouth water loan bonds, becoming due the ensuing year; \$7,500 for Superintendent's salary, maintenance of works and pumping station, and \$2,000 for current expenses, Commissioners and office expenses.

Art. 33. Voted, To appropriate and direct to be paid to the Trustees of the Sinking Fund out of the income of the water rents for the current year the sum of \$10,000 to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth water loan bonds.

Voted, That the Water Commissioners be instructed to pay unsalaried men for Sunday and extra work, the same as for other days.

Art. 34. Voted, To appropriate the sum of \$5,000 for the purpose of making further construction of the Water Works.

Art. 35. A motion was made under this article in relation to installing water meters, but it was not carried, the vote being: Yes, 142; No, 164.

Voted, That the Board of Water Commissioners be instructed to put in ten water meters in each ward as an experiment, and to report the result at the next annual meeting.

Art. 36. Voted, That all taxes shall become due and payable on or before the 10th day of October next, and that the Collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of six per cent. per annum, and the salary of the Collector be six mills on the dollar.

Art. 37. Voted, To raise and appropriate the sum of \$600 for the preservation of shade trees, to be expended under the direction of the Tree Warden.

Art. 38. Voted, To raise and appropriate the sum of \$2,500 to continue the survey and plotting of the town, and for the

maintenance of the work already finished. This appropriation is to be expended under the direction of the Selectmen.

Art. 39. Voted, That the Selectmen be instructed to commence suit for any money or property due the town.

Art. 40. Voted, To appropriate the sum of \$8,771.09 for the following overdrafts and deficiencies, viz. :

Setting curbstones . . .	\$187 30
Fire Department . . .	1,000 00
Miscellaneous Account . .	1,000 00
Election Expenses . . .	400 00
Superior Court Judgments . .	42 06
Abatement and remittance of taxes	1,287 99
Town Officers	1,334 00
Poor Account	3,519 74

Art. 41. Voted, To raise and appropriate the sum of \$1,400 for the purchase of the tract of land adjoining the lots on which are situated the Hunt and Lincoln schools.

Voted, That the town of Weymouth purchase for school purposes that parcel of land containing 94,500 square feet, situate on the westerly side of Stetson street, bounded and described as follows: Easterly by Stetson street by two lines, the first $145\frac{3}{10}$ feet and the second $36\frac{4}{10}$ feet; southerly by land of the Susan Hunt Stetson estate, 345 feet; southwesterly by other land of the Susan Hunt Stetson estate, by land of Cora A. Sanborn and by land of the heirs of Orient Tirrell by several lines, the first $69\frac{4}{10}$ feet, the second $38\frac{9}{10}$ feet, the third $71\frac{5}{10}$ feet, and the fourth $21\frac{5}{10}$ feet, and westerly and northwesterly by land of the Ashwood Cemetery Association by several lines, the first $109\frac{2}{10}$ feet, the second $84\frac{2}{10}$ feet, the third $33\frac{4}{10}$ feet, the fourth 26 feet and the fifth $24\frac{9}{10}$ feet, and easterly again by other land of the town of Weymouth, being the Hunt and Lincoln school lots $153\frac{5}{10}$ feet, and northerly again by said land of the town of Weymouth, being said school lots $253\frac{7}{10}$ feet, and all being shown on a plan entitled "Plan of Land in Weymouth, Mass., being a part of the Susan Hunt Stetson estate, dated January, 1912. Hartley L. White, civil engineer."

Further moved that the School Board be a committee to carry out the purchase of the said land.

Art. 42. Voted, To accept Chapter 306 of the Acts of 1911 in relation to the taking of smelts.

Art. 43. Voted, To authorize the Selectmen to sell any real estate of which the town may be possessed and for which it has no further use.

Arts. 44, 46 and 47. Voted, That these articles in relation to playgrounds and bathing places be referred to a committee of three, two of which to be appointed by the Moderator and the other to be Edward W. Hunt, to report at the next annual meeting.

Art. 48. Voted, To raise and appropriate the sum of \$200 for the purpose of celebrating "Old Home Week" to be expended under the direction of the Weymouth Historical Society.

Voted, That the Moderator appoint a committee of two from each ward to act in connection with committee from the Historical Society.

The following were appointed :

F. H. Torrey, William H. Pratt, Walter B. Binnian, J. Herbert Walsh, D. A. Donovan, Thomas V. Nash, Frank N. Blanchard, George O. Crawford, Ralph W. Thomas, W. M. Tirrell.

Art. 49. In relation to accepting Section 37, Chapter 19. No action taken.

Art. 50. Voted, That the matter of this article be indefinitely postponed.

Art. 51. Voted, To raise and appropriate the sum of \$100 for the installation of a fire alarm box on Main Street near the railroad crossing.

Art. 52. Voted, To raise and appropriate the sum of \$100 for the installation of a fire alarm box at the junction of Pearl and Norton Streets.

Art. 53. Voted, To raise and appropriate the sum of \$60 for the installation of a fire alarm box at the corner of Cedar and Hawthorne streets.

Art. 54. Voted, That this article in relation to the sidewalk on Main street be referred to the Superintendent of Streets.

Art. 55. Voted, That this article in relation to the working of Randolph street be referred to the Superintendent of Streets.

Art. 56. Voted, That action under this article be indefinitely postponed.

Art. 57. Voted, To raise and appropriate the sum of \$100 to

build a retaining wall at foot of slope on Norton street adjoining the Cemetery.

Art. 58. Voted, That this article in relation to sidewalk on Pond street be referred to Superintendent of Streets.

Art. 59. Voted, That in relation to working Washington street to Hingham line the Selectmen be instructed to petition that this road be accepted as a State Highway.

Art. 60. No action taken.

Art. 61. Voted, That the matter of working Broad street be referred to the Superintendent of Streets, with no appropriation.

Art. 62. Voted, To raise and appropriate the sum of \$200 for building the sidewalk on the westerly side of Bates avenue from Union street to Central street.

Art. 63. Voted, That the matter of building a catch basin on Commercial street, near the residence of James E. Sheehy be referred to the Superintendent of Streets.

Art. 64. Voted, That the matter of repairing Lake street, as asked for in this article, be referred to the Superintendent of Streets.

Art. 65. Voted, That the matter of improving the sidewalk on Neck street, as asked for in this article, be referred to the Superintendent of Streets.

Art. 66. Voted, To accept the report of the Selectmen upon the laying out of an alteration and relocation of a portion of Washington street at and near its junction with Pleasant street.

Art. 67. Voted, To raise and appropriate the sum of \$100 for the setting of curbstone and building sidewalk at Lovells Corner.

Art. 68. Voted, To accept the report of the Selectmen upon laying out of a town way from the water front on Fore River to Pilgrim road, to be called Squanto road.

Art. 69. To raise and appropriate the sum of \$400 for the working of Squanto road.

Art. 70. Voted, To accept the report of the Selectmen upon laying out a town way from Bridge Street and Saunders Street over the private way known as Ramblers Way to its junction with the private way known as Hawthorne Road, to be called Evans Street.

Art. 72. Voted, To accept the report of the Selectmen upon laying out as a town way of the private way known as Hawthorne

Road from its junction with Ramblers Way so called to its junction with Bridge Street, a part to be known as Evans Street and a part to be known as Standish Street.

Arts. 71 and 73. Voted, To raise and appropriate the sum of \$1,500 for the working of Evans Street and Standish Street.

Art. 74. Voted, To accept the report of the Selectmen upon the laying out of a town way over the private way known as Morrill Street from Ramblers Way so called to tide water on Fore River, to be called Morrill Street.

Art. 75. No action.

Art. 76. Voted, To accept the report of the Selectmen upon the laying out of a town way from a point on Broad Street, easterly of the property of Joseph Chase, Jr., over the private way known as Bates Avenue, and thence to the James Humphrey School House lot, and to a point on Lake Street at or near the southeasterly corner of said lot, to be called Whitman Street.

Art. 77. Voted, To raise and appropriate the sum of \$800 for the working of Whitman Street.

Art. 78. Voted, To raise and appropriate the sum of \$60 to instal a fire alarm box in front of the Pratt School House on Pleasant Street.

Art. 100. Voted, To raise and appropriate the sum of \$450 for the purpose of equipping the vault in the town offices with fireproof fittings.

Art. 101. Voted, That a committee of three be appointed by the Moderator, one of which shall be the Chief of Police, to select a site for and a plan of the building of a suitable Lock-up in Ward 2, and report at the next annual town meeting. The following were appointed: Thomas Fitzgerald, William H. Pratt and Russell B. Worster.

Voted, That thanks of the Town be extended to the Appropriation Committee, the Moderator and the Town Clerk.

Voted, To adjourn (5.30 P. M.).

Attest:

JOHN A. RAYMOND,

Town Clerk.

WARRANT FOR PRESIDENTIAL PRIMARY.

THE COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To either of the Constables of the Town of Weymouth.* GREETING :

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in primaries to meet in the polling places in their respective precincts, to wit: In Precincts One, Three, Five and Six, at the halls of the fire engine houses located in those precincts respectively; in Precinct Two, at the Odd Fellows Opera House; and in Precinct Four, at the hose house at Nash's Corner, on Tuesday, the thirtieth day of April, 1912, at four o'clock, P. M., for the following purposes: To bring in their votes to the Primary Officers for the Election of Candidates of Political Parties for the following offices:

8 Delegates at Large to National Conventions,
 8 Alternate Delegates at Large to National Conventions,
 2 District Delegates to National Conventions,
 2 District Alternate Delegates to National Conventions, and
 also to express their Preference for Candidates for the offices
 of President and Vice-President of the United States.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 4 P. M. to 8 P. M.

And you are directed to serve this warrant by posting attested copies thereof seven days at least before the time of said meeting as directed by By-Laws of the town in the calling of Town Meetings.

Hereof fail not, and make return of this warrant with your doings thereon to the Town Clerk of said town on or before the twenty-seventh day of April, 1912.

Given under our hands this eighth day of April, A.D. 1912.

EDWARD W. HUNT,
 BRADFORD HAWES,
 GEORGE L. NEWTON,
 A. FRANCIS BARNES,
 WILLARD J. DUNBAR,

Selectmen of Weymouth.

WEYMOUTH, April 16, 1912.

I have this day served the within warrant by posting a copy thereof attested by me in writing in each of two public places in each voting precinct in said town seven days before the time of holding said meeting.

THOMAS FITZGERALD,
Constable of Weymouth.

A true copy.

Attest:

JOHN A. RAYMOND,
Town Clerk.

TOWN CLERK'S OFFICE, }
WEYMOUTH, April 30, 1912. }

The following is an aggregate of the votes cast in the several precincts of the town in accordance with the foregoing warrant and returned to me by the precinct officers.

Attest: JOHN A. RAYMOND,
Town Clerk.

REPUBLICAN PARTY.

Schofield; Deputy Warden, Horace M. Randall; Deputy Clerk, John H. Ronan; Deputy Inspectors, Robert McIntosh, Daniel Reidy, Jr., Charles J. Scott, George D. Bagley.

BRADFORD HAWES,

Secretary of Selectmen.

WARRANT FOR A PRIMARY MEETING.

For the Nomination of Candidates for certain Public Offices and the Election of certain Committees and Delegates.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth, in said County.* GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in primaries, to meet at the polling places in their respective precincts, to wit: In Precincts One,

Three, Five and Six, at the halls of the fire engine houses located in those precincts respectively; in Precinct Two, at the Odd Fellows Opera House; and in Precinct Four, at the hose house at Nash's Corner, on Tuesday, the twenty-fourth day of September, 1912, at four o'clock p. m., for the following purposes: To bring in their votes to the primary officers for the nomination of candidates of Political parties for the following offices.

Governor for this Commonwealth.

Lieutenant Governor for this Commonwealth.

Secretary for this Commonwealth.

Treasurer and Receiver General for this Commonwealth.

Auditor for this Commonwealth.

Attorney-General for this Commonwealth.

Representative in Congress, 14th Congressional District.

Councillor, 2nd Councillor District.

Senator, 1st Norfolk Senatorial District.

Representative in General Court, 7th Norfolk Representative District.

County Commissioner, Norfolk County.

County Treasurer, Norfolk County.

County Commissioner to fill a vacancy occasioned by the death of Silas A. Stone, Norfolk County.

And for the election of the following officers:

Member of State Committee, for the 1st Norfolk Senatorial District.

Members of Town Committee, for this Town.

Delegates to State Conventions of Political Parties.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from four o'clock to 8 o'clock, P. M.

And you are directed to serve this warrant by posting a copy thereof, attested by you in writing, in each of two public places in each voting precinct in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your

doings thereon to the Town Clerk of said town three days at least before the time of said meeting.

Given under our hands at Weymouth this third day of September, in the year of our Lord nineteen hundred and twelve.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
A. FRANCIS BARNES,

Selectmen of Weymouth.

WEYMOUTH, Sept. 16, 1912.

I have this day posted a true and attested copy of this warrant attested by me in writing in each of two public places in each voting precinct in said town of Weymouth seven days before the time of holding said meeting.

THOMAS FITZGERALD,

Constable of Weymouth.

A true copy. Attest:

JOHN A. RAYMOND,

Town Clerk.

TOWN CLERK'S OFFICE,

WEYMOUTH, September 24, 1912.

The following is an aggregate of the votes cast in the several precincts of the town as returned to me by the precinct officers in accordance with the foregoing warrant.

Attest:

JOHN A. RAYMOND,

Town Clerk.

WARRANT FOR THE STATE ELECTION.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit: In precincts One, Three, Five and Six, at the halls of the Fire Engine Houses located in those precincts respectively; in precinct Two, at the Odd Fellows Opera House; and in precinct Four at the Hose House at Nash's Corner, on Tuesday, the fifth day of November next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Wardens of their respective precincts their votes on one ballot for the following named public officers, to wit:

For Eighteen Electors of President and Vice-President.

For Governor of the Commonwealth.

For Lieutenant-Governor of the Commonwealth.

For Secretary of the Commonwealth.

For Treasurer and Receiver-General of the Commonwealth.

For Auditor of the Commonwealth.

For Attorney-General of the Commonwealth.

For Representative in Congress for the Fourteenth District.

For Councillor for the Second District.

For Senator for the First Norfolk District.

For Representative in the General Court for the Seventh Norfolk District.

For one County Commissioner, in and for the County of Norfolk.

For County Treasurer, in and for the County of Norfolk.

For County Commissioner to fill a vacancy occasioned by the death of Silas A. Stone, Norfolk County.

And also, to vote on the same ballot "Yes" or "No" upon each of the following questions, viz.:

1. Shall the proposed amendment to the constitution disqualifying from voting persons convicted of certain offences, be approved and ratified (Chap. 21, Resolves of 1912.)

2. Shall the proposed amendment to the constitution, relative to the taxation of wild or forest lands, be approved and ratified. (Chap. 115, Resolves of 1912.)

3. Shall an act passed by the General Court in the year nineteen hundred and twelve, entitled "An act relative to pensioning laborers in the employ of cities and towns" be accepted. (Chap. 503, Acts of 1912.)

The polls will be opened at fifteen minutes before six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town three days at least before the time of said meeting.

Given under our hands at Weymouth this twenty-first day of October, in the year of our Lord nineteen hundred and twelve.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

WEYMOUTH, Oct. 28th 1912.

I have this day posted a copy of this warrant duly attested by me in writing in three or more public places in each voting precinct in said town of Weymouth and have made due returns of this warrant to the Town Clerk three days before the time of said meeting.

THOMAS FITZGERALD,

Constable of Weymouth.

A true copy. Attest:

JOHN A. RAYMOND,

Town Clerk.

STATE ELECTION, NOVEMBER 5, 1912.

SELECTMEN'S OFFICE,
WEYMOUTH, November 6, 1912.

A meeting of the Selectmen and Town Clerk was held this day at the above office for the purpose of examining the returns of votes cast in the several precincts of the town at the election held November 5, 1912, in accordance with the foregoing warrant and to make an aggregate of the same, the result being as follows:

PRESIDENT AND VICE-PRESIDENT.

JOHN A. RAYMOND,
Town Clerk.

WARRANT FOR A SPECIAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid qualified to vote in town affairs, to meet in the Town Hall on Saturday, the thirtieth day of November, 1912, at three o'clock in the afternoon, then and there to act on the following articles, namely :

Article 1. To choose a Moderator.

Art. 2. On petition of D. M. Easton and fourteen others : To see if the town will accept Chapter 635 of the Acts of the last Legislature, entitled "An act relative to tenement houses in towns."

Art. 3. To see if the town will appropriate the sum of \$6,000 to meet assessments on account of the Weymouth Fore River Bridge and authorize the Treasurer with the approval of a majority of the Selectmen to borrow said sum.

Art. 4. On petition of W. P. Denbroeder and eighteen others : To see if the town will accept the provisions of Section 37, Chapter 19, of the Revised Laws of Massachusetts in its application to the police force, thereby placing said force under the rules and regulations of the civil service.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk of said town at or before the time of said meeting.

Given under our hands at Weymouth this eighteenth day of November, in the year of our Lord nineteen hundred and twelve.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

WEYMOUTH, November 22, 1912.

I have this day served this warrant by posting a copy thereof attested by me in writing in each of two public places in each voting precinct in said town seven days before the time of holding said meeting.

THOMAS FITZGERALD,
Constable of Weymouth.

A true copy. Attest:

JOHN A. RAYMOND, *Town Clerk.*

SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the town of Weymouth was held in the Town Hall on Saturday, November 30, 1912, at 3 o'clock in the afternoon, the meeting being called to order and the warrant read by the Town Clerk.

Article 1. Hon. Louis A. Cook was elected as Moderator and the oath was administered to him by the Town Clerk.

Art. 2. Previous to acting on this article the Moderator appointed Russell B. Worster and Edward W. Hunt as tellers and administered the oath to them.

Voted, To accept Chapter 635 of the Acts of the Legislature for 1912 "An Act relative to tenement houses in town." The result of the vote was Yes 116 No 20.

Art. 3. Voted, unanimously (123 voting yes), That the town appropriate \$6,079.23 to meet assessments on account of the Weymouth Fore River Bridge and the treasurer with the approval of a majority of the Selectmen be authorized and directed to borrow a sum not to exceed \$6,000, and to issue five notes of the town therefor, in accordance with Section 13, Chapter 27, R. L. and amendments thereof, with interest payable semi-annually at a rate not to exceed four and one-half per cent per annum; said notes to be made for the amounts and time following: One for \$1,500 to become payable December 2, 1913; one for \$1,500 payable December 2, 1914; one for \$1,000 payable December 2, 1915; one for \$1,000 payable December 2, 1916; one for \$1,000 payable December 2, 1917..

Art. 4. Voted, To accept the provisions of Section 37, Chapter 19, of the Revised Laws of Massachusetts in its application to the police force, thereby placing said force under the rules and regulations of the civil service. (Yes 66, No 62).

Voted, To adjourn.

Attest:

JOHN A. RAYMOND, *Town Clerk.*

JOHN A. RAYMOND,
Town Clerk.

WEYMOUTH, January 25, 1913.

REPORT OF SUPERINTENDENT OF STREETS.

To the Board of Selectmen:

GENTLEMEN — I hereby submit my report for the year ending December 31, 1912.

The total highway appropriation, including Street Railway tax, amounts to \$26,643.69. This includes money expended for snow and bridges.

The sum of \$6,609.43 was used for oil and street watering, including all labor connected with it. The sum of \$4,786.35 was used for permanent sidewalks. Special appropriations amounting to \$3,000 were raised.

As most of our town roads are built of gravel, and most of that a very poor quality, it is almost impossible to keep our streets in proper condition owing to the auto travel, especially in the north and east parts of the town.

I would recommend that the town buy a piece of land with ledge on it in Weymouth Heights, near the electric car line, and run the stone crusher. With the Back River bridge closed all summer we were under a heavy expense all the time repairing North, Commercial, East and Broad Streets.

The oil that we used served very well on gravel during the dry season, but the wet weather in the fall made a thick, heavy mud. The worst places were Jackson Square, Lincoln Square and Washington Square. These squares should be paved.

There should be a special appropriation made of about \$400 to build a cement bridge over the river at Reidy's blacksmith shop.

There should be special attention paid to the drainage in Ward Three as the conditions are very poor.

As Ward Four has very good gravel pits in each end of the ward there is less expense in keeping the main streets in repair.

In Ward Five the gravel used has to be hauled a long distance, especially Union Street to the Rockland line, but with the crusher running near the car line crushed stone could be landed cheaper than gravel.

WARD ONE.

The most important work was done on the following streets :

Used the road machine and cleaned the gutters on all the streets.

Commercial Street—Graveled from Barnard's hill to J. Loud's hill; resurfaced with gravel and oiled from King Oak hill to Ward Two line; repaired sidewalk at King Oak hill; built two new catch basins.

North Street—Graveled from State Road to Thomas' Corner, and from Norton Street to depot; resurfaced with gravel, from Neck Street to Pearl Street; oiled from State Road to Commercial Street; built one new catch basin.

East Street—Graveled Hospital hill.

Norton Street—Repaired sidewalk; applied oil.

Pearl Street—Replanked bridge; applied oil.

Neck Street—Graveled from North Street to Curtis Street.

River Street—Resurfaced with gravel.

Sea Street—Repaired where needed and oiled.

Bridge Street—Used crushed stone and tarvia. Repaired the sidewalk on Graves' Hill.

Leonard Road—Raked off stone and run steam roller.

Oiled the following : Athens Street, Holbrook Road, Bicknell Road, Shaw Street, Lovell Street and Curtis Street.

New work under special appropriations : Squanto Road, Evans Road and Standish Road.

WARD TWO.

Run road machine and cleaned all gutters in the ward.

Broad Street—Graveled from Frank Fay's to Ward Three line, and repaired from Frank Fay's to Commercial Square. Oiled from Ward Three line to Commercial Square. Relaid 46 feet of 10-inch pipe near Frank Fay's. Built new catch basin at Cain Avenue.

Commercial Street—Reset curbing and rebuilt sidewalk at Peter French residence. Gravel from Water Street to H. K. Cushing's, from Madison Street to Drew Avenue, and from Putnam Street to Frank Cowing's. Built new catch basin near Reed's Crossing. Oiled from Ward One line to Hingham line.

Middle Street—Reset curbing near Weymouth Centre. Resurfaced with gravel from Ward One line to Weymouth Centre. Rebuilt sidewalk from Ward One line to Telephone Office. Oiled

from Ward One line to Weymouth Centre. Used tarvia from Weymouth Centre to Charles Street. Built three catch basins.

Pleasant Street—Graveled from Fairmount Cemetery to Canterbury Street. Resurfaced with gravel from Water Street to Raymond Street. Oiled from Water Street to Ward Four line.

Charles Street—Used tarvia from Middle Street to Clapp's factory.

Built catch basin and laid 180 feet of pipe near Clapp's factory.

Cain Avenue—Repaired sidewalks.

Chard Street—Resurfaced with gravel and rebuilt stone drain.

Maple Street—Gravel.

Centre Street—Resurfaced with gravel.

Putnam Street—Repaired sidewalks.

Grant Street—Resurfaced with gravel from Hill Street to residence of Mr. Heffernan.

School Street—Repaired sidewalks.

Water Street—Oil.

High Street—Resurfaced with gravel. Oil.

Madison Street—Graveled from Madison Square to private way, also helped remove thirteen willow trees and repaired sidewalk.

Essex Street—Graveled from Broad Street to the Town Home.

Relaid drain pipe.

Station Street—Reset all curbing.

WARD THREE.

Run road machine and cleaned all gutters.

Broad Street—Graveled from Ward Two line to Vine Street and oiled from Ward Two line to Front Street.

Washington Square—Resurfaced with crushed stone and used a heavy binder oil.

Washington Street—Rebuilt with stone and gravel from Main Street to residence of Mr. Brennock. Oiled from Washington Square to Main Street.

Commercial Street—Graveled from Tufts Crossing to residence of Mr. Gutterson and oiled from Tufts Crossing to Washington Square.

Philips Street—Repaired from Broad Street to Prospect Street.

Front Street—Built one new catch basin and laid pipe across street near residence of Mr. Williams. Rebuilt stone drain near Harrison Square. Oiled from Washington Street to Federal Street.

Federal Street — Resurfaced with gravel from Washington Street to Front Street.

Summer Street—Graveled where most needed.

WARD FOUR.

Picked stone on all streets.

Pleasant Street—Resurfaced with gravel and oiled from Ward Two line to Ward Five line.

Washington Street—Graveled from Sheehy hill to Seaver road, and from residence of J. Keefe to Middle Street; oiled from residence of J. Miller to Sheehy hill and front of Lake View Park property.

Mill Street—Used stone and gravel from West street to Loud's mill.

West Street—Graveled where most needed and repaired sidewalk.

Middle Street—Filled in with stone and graveled from Nash Corner to the G. Nash place.

Park Avenue—Repaired with gravel.

WARD FIVE.

Run road machine and cleaned gutters on all streets.

Columbian Street—Graveled from residence of Mr. Nevins to residence of Mr. Sprague. Resurfaced with gravel and oiled from Columbian Sq. to Main St.

Randolph Street—Graveled and built new sidewalk from railroad track to Sherman's mill.

Pleasant Street—Resurfaced with gravel and oiled from Independence Sq. to Ward Four line.

Pond Street—Resurfaced with gravel from Independence Sq. to Depot.

Union Street—Resurfaced with crushed stone on south end and used tarvia and oil from Columbian Square to Central Street. Built new sidewalk from Columbian Square to Reed Avenue.

Hollis Street.—Resurfaced with gravel; oil.

Park Street.—Repaired where most needed.

Central Street.—Oil.

Reed Avenue.—Oil.

At the close I desire to thank the Board of Selectmen for their courtesy and ready co-operation; also the employees for their ready assistance in serving the interests of the town.

Respectfully submitted,

JOHN L. MAYNARD,

Superintendent.

REPORT OF THE FIRE ENGINEERS.

To the Selectmen of the Town of Weymouth:

GENTLEMEN: — The report of the Fire Engineers of the Town of Weymouth ending December 31, 1912, is as follows:—

The department as organized is under control of five engineers as follows: Matthew O'Dowd, Chief; Walter W. Pratt, Clerk; John Q. Hunt, Charles W. Baker and Phillip W. Wolfe.

One hundred and fifty men compose the working force, divided into seven (7) hose companies, four (4) hook and ladder companies, one (1) chemical and two (2) steamers.

HOUSES AND APPARATUS.

The members of the board made an inspection of the houses and apparatus the past year and found the apparatus, with a few exceptions, in good condition. The steamer in Ward Three and the ladders on the truck in Ward Five needed painting, the running gear on the hose wagon in Ward Two will have to be put in the repair shop in the near future; hose wagon in Ward Five needs slight repairs. The houses we found needed either painting or repairing in every ward. Ward One house needed minor repairs and painting, Hose 7 house we had necessary repairs made and painted the past fall; Ward Two house we found needed prompt attention in repairs and we had them attended to recently. Ward Three house needs repairs made on the rear foundation, also minor repairs; it also needs painting. Ward Four house at Nash's Corner has had some repairs made, also painted, the past summer and is now in good condition. Hose 6 house at Lovell's Corner needs repairing on the tower and other parts of the building. Ward Five house: The past year there has been a new plank walk built on the south side of the house, the old one being unsafe; there are further repairs to be made, also needs painting.

The Board has been unable, through lack of funds, to keep the several houses in the condition that they should be kept in.

FIRE ALARM BOXES.

There have been four new fire alarm boxes installed the past year, as per vote of the town, viz.: Boxes 115, 226, 49, 62. The board is of the opinion that there are not boxes enough to give those who live some distance from the village the protection they should have, and we would suggest in the future that when an appropriation is made for the installing of a new alarm box that the Superintendent of the fire alarm be consulted as to the appropriation, as in some instances the appropriation has not been equal to the expense.

The horse question with the board is still in an unsatisfactory condition in some of the wards, and the board is of the opinion that the time has arrived when apparatus of motor type should be seriously considered.

The Engineers have been relieved from the duties of Forest Wardens the past year. While the appropriation for forest fires was turned over to the new Forest Fire Department to be expended under that department, yet the board paid for horse hire on several occasions for answering forest fire calls that we think should come from the forest fire appropriation.

MOTOR WAGON.

The citizens of Ward 3 through public subscription have raised sufficient sum of money to have built a motor hose wagon, and they through a committee have tendered it to the town through the board of engineers. The board is in favor of accepting the apparatus providing it would be legal, and within their power to accept it. If it should be placed in commission it will be kept in the ward 3 engine house and will answer alarms as per running card. This will give the people of the town a chance to judge between horse drawn and motor propelled fire apparatus.

FIRE PREVENTION.

Fire prevention is a question that is being agitated, considered and discussed pretty much throughout our whole country today. And the board would like to have the owners of buildings and occupants to consider this matter seriously and with a little labor every year in the fall inspect and clean out their chimneys, clean up the debris about their premises and dispose of it, abstain from putting hot ashes in wooden receptacles, use iron ones, use pre-

caution all the time, and in so doing you will assist in holding in check one of the greatest destroyers of life and property that we have to contend with today.

The board is much in favor of accepting the Forest fire act which was defeated at town meeting a few years ago, i. e., requiring a permit to have a fire in the open from March 1st to December 1st.

FALSE ALARMS.

The department has been called out several times the past year around midnight or later and on reaching the alarm box a mile or more away from the engine house, find that some party or parties had turned in a false alarm. It seems almost incredible to think that anyone in our midst would do such a thing. These acts have made it warrantable on the part of the board to remove the keys in said boxes and put them in homes adjacent to the boxes.

FIRE LOSSES.

Valuation of buildings and contents . . .	\$23,400 00
Damage to buildings and contents . . .	3,880 00

We would recommend the following appropriation for Salaries, Fire Alarms and other expenses as follows :

Engineers	\$130 00
Firemen	2,000 00
Superintendent of Fire Alarms	300 00
Stewards	475 00
Expense Fire Alarm	450 00
Forest Fires	1,000 00
House expense and fires	2,500 00
New hose	1,200 00

In conclusion we wish to extend our thanks to your board for your interest and assistance to the department, and to the officers and members of the department we wish to impress upon them our high appreciation of their loyalty to duty in giving their best effort in trying to keep the fire loss in the town down to a minimum. To the stewards who look after the houses and apparatus we appreciate their faithful performance of duty.

MATTHEW O'DOWD,
WALTER W. PRATT,
JOHN Q. HUNT,
CHAS. W. BAKER,
PHILIP W. WOLFE,

Fire Engineers.

FIRE ALARM REPORT.

To the Board of Engineers:

GENTLEMEN : — There has been during the past year 57 alarms as follows :

Ward 1	having	13
Ward 2	"	12
Ward 3	"	12
Ward 4	"	5
Ward 5	"	15

There have been one general alarm and two second alarms.

There have been four new boxes installed in the past year : No. 115 on pole at Pearl and Norton Streets, No. 226 on pole at Cedar and Hawthorne Streets, No. 49 on pole opposite Pratt School, Pleasant Street, and No. 62 on pole opposite E. C. Staples, Main Street.

The alarm has been used for "no school" signals also.

There have been a large amount of repairs and new arms and wires put up in the last year. Some of the lines have been rebuilt. I should advise that \$500 be appropriated for this year as there are a large number of new poles being set by the different companies. The lines are in better condition than in the past five years. If the same new work is put up this year it will put the lines in better condition. There has been very little trouble on it this year.

Respectfully yours,

C. F. COOLIDGE,

Superintendent of Fire Alarms.

REPORT OF CHIEF OF POLICE.

To the Honorable Board of Selectmen of the Town of Weymouth:

GENTLEMEN:—I submit herewith the eleventh annual report of the work performed by the Police Department of the Town of Weymouth for the year ending December 31, 1912:

Total number of arrests, 300.

The cases were disposed of as follows:

ASSAULTS:

Paid fine of \$50.00 each, 2.

Paid fine of \$25.00 each, 9.

Paid fine of \$10.00 each, 3.

Paid fine of \$7.00, 1.

Fined \$15.00 (continued), 5.

Placed on probation, 6.

Not guilty, 4.

Acknowledged satisfaction, 2.

Paid costs, 8.

Defaulted, 1.

Committed to House of Correction for three months, 1.

Fined \$25.00 (appealed), 5.

Fined \$10.00, appealed, 1.

Fined \$5.00, appealed, 1.

Discharged, 1.

ASSAULT:

With a dangerous weapon, committed to the House of Correction for six months, 1.

Assault on an officer, paid fine of \$15.00, 1.

ADULTERY:

Held for the grand jury, 2.

BASTARDY:

Married complainant, 1.

BREAKING AND ENTERING :

Held for the grand jury, 1.

Placed on probation, 5.

CARRYING REVOLVER WITHOUT LICENSE :

Paid \$50.00 and costs, 1.

Fined \$50.00, continued, 1.

DISTURBING THE PEACE :

Paid fine of \$50.00, 1.

Paid fine of \$10.00, 2.

Fined \$10, continued, 2.

Not guilty, 2.

DISTURBING A RELIGIOUS MEETING :

Placed on Probation, 2.

DRUNKENNESS :

Paid fine of \$15.00 each, 13.

Paid fine of \$10.00 each, 5.

Paid fine of \$5.00 each, 8.

Paid fine of \$3.00 each, 4.

Fined \$15.00, committed, 8.

Fined \$10.00, committed, 3.

Fined \$10.00, continued, 14.

Fined \$5.00, continued, 5.

Committed to House of Correction for three months, 3.

Committed to House of Correction for six months, sentence suspended, 1.

Committed to House of Correction for three months, sentence suspended, 2.

Committed to State Farm, 10.

Released, 30.

Placed on probation, 8.

Paid costs, 20.

Placed on file, 5.

DISORDERLY CONDUCT ON A PUBLIC CONVEYANCE :

Fined \$25.00 (continued) 1.

FISH AND GAME LAWS, VIOLATING :

Fined \$50 00 (appealed) 1.

GAMING NUISANCE :

Fined \$50.00 (continued) 1.

INDECENT EXPOSURE :

Fined \$15.00. Committed to House of Correction, 1.

INSANE :

Committed to Taunton Hospital, 5.

Committed to Westboro Hospital, 1.

LOITERING IN A RAILROAD STATION :

Paid fine of \$20.00, 2.

Placed on file, 1.

LIQUOR LAWS, VIOLATING :

Failing to keep proper express book :

Paid fine of \$125.00, 1.

Paid fine of \$114.00, 1.

Illegal keeping and exposing :

Paid fine of \$65.00, 1.

Illegal sale :

Fined \$50.00 and three months in the House of Correction
(appealed), 1.

Illegal sale :

Not guilty, 2.

Illegal transportation :

Placed on file, 1.

LARCENY :

Committed to Concord Reformatory, 1.

Committed to House of Correction for six months, 1.

Fined \$15.00 (appealed), 1.

Not guilty, 2.

Defaulted, 1.

Placed on probation, 1.

MALICIOUS MISCHIEF :

Fined \$25.00 (continued), 1.

NEGLECTED CHILDREN :

Discharged, 3.

Committed to care of relatives, 2.

NEGLECT OF FAMILY :

Pay to his family \$6.00 per week, 1.

Pay to his family \$5.00 per week, 1.

NEGLECT OF FAMILY :

Continued, 1.

RAPE :

Held for the Grand Jury, 2.

RESCUING CATTLE DISTRAINED :

Paid fine of \$15.00, 2.

Fined \$10.00, appealed, 1.

RECEIVING STOLEN GOODS :

Held for the Grand Jury, 1.

STATE PAUPERS :

Committed to State Infirmary, Tewksbury, 6.

Committed to State Farm, Bridgewater, 1.

TRAMPS :

Committed to State Farm, 1.

TRESPASS :

Not guilty, 1.

TOWN BY-LAWS ; VIOLATING :

Paid fine of \$10.00, 1.

UNNATURAL ACT :

Committed to Lyman School, 1.

VIOLATION OF AUTOMOBILE LAWS :

Paid fine of \$10.00 each, 2.

Dismissed, 4.

Arrests for out of town officers, 7.

Arrested on default warrant, 1.

Search for gaming implements, 1.

Search for intoxicating liquors, 14.

Search for stolen goods, 1.

Amount of property recovered of value, \$350.00.

Amount of fines in Lower Court, \$1,198.00.

SUPERIOR COURT.

ASSAULTS :

Paid fine of \$25.00 each, 5.

Nol prossed, 2.

Continued, 2.

ADULTERY :

Placed on probation, 2.

DRUNKENNESS :

Committed to State Farm, 1.

Placed on probation, 1.

FISH AND GAME LAWS, VIOLATING :

Paid fine of \$50.00, 1.

LARCENY :

Committed to House of Correction for 1 year, 1.

Continued, 1.

ILLEGAL SALE OF INTOXICATING LIQUORS :

Not guilty, 1.

MANSLAUGHTER :

Committed to State Prison for a term of not more than nine nor less than seven years, 1.

RAPE :

Committed to the House of Correction for one year, 1.

Married the complainant, 1.

RECEIVING STOLEN GOODS :

Placed on Probation, 1.

Surrendered to Probation Officer, 1.

Amount of fines in Superior Court, \$175.00.

There have been very few complaints to the department during the year and the number of arrests were less than that of last year. The police in Ward 2 were handicapped as when an arrest was made they had to have a carriage to convey the prisoners to the lockup in Ward 3. The arrests in Ward 1 were the largest ever made in that ward. The closing of the Hingham bridge made it necessary to have extra police on duty in Jackson square and Thomas corner to handle the large travel.

At the annual town meeting a committee was chosen to select a site and procure plans for a lockup in Ward 2. I would recommend that the building be large enough so there would be headquarters for the police department as the future growth of the town will demand it and also recommend that it be as near Jackson square as possible.

The usual large crowds attended the 4th of July celebration in Ward 3 and the Old Home Week celebration in Ward 2 and were handled without serious accident.

The police take this opportunity to thank the voters for their action at the town meeting in placing them under civil service rules.

In submitting my report I wish to acknowledge my appreciation of the courtesies extended the police by your honorable board.

I also wish to thank the regular and special police for the faithful discharge of their duties.

Respectfully submitted,

THOMAS FITZGERALD,

Chief of Police.

REPORT OF SUPERINTENDENT OF MOTH WORK

SOUTH WEYMOUTH, Jan. 1st, 1913.

To the Honorable Board of Selectmen of the Town of Weymouth:

GENTLEMEN—Herewith please find my report for the year 1912: The work of suppression of the gypsy and brown tail moth has resulted in the prevention of any serious damage in our residential section, but we have had some stripping in our woodlands where we depended on the wilt disease to do the work. I think that the lack of success in this experiment was largely due to the method of planting, which I hope may be improved upon another year. We surely are in need of a new first-class spraying machine, and as the State office, knowing our needs, will give us substantial help in paying for one, I strongly recommend the purchasing of it before the spraying season opens. We ought to appropriate the full amount of our liability this year, as that will entitle us to reimbursement from the State of 80 per cent. on all our supplies, thus giving us \$800 to \$1,000 in addition to what we appropriate. In addition to this, we would get 80 per cent reimbursement of all money spent under their direction (if any) in excess of our liability.

Hoping that the voters will come to the Town Meeting prepared to vote intelligently on these matters, I respectfully submit this report.

CHAS. L. MERRITT,

Local Supt. Moth Dept.

REPORT OF TREE WARDEN.

SOUTH WEYMOUTH, January 1, 1913.

To the Honorable Board of Selectmen :

GENTLEMEN :—I respectfully submit the following report for the year 1912 :

The work of the Tree Department the past year has been directed to the removal of dead and overhanging branches and removal of quite a number of large trees, notably the thirteen large willows on Madison Street.

I wish to here extend my thanks to the Bay State Street Railway Co., the Weymouth Light & Power Co., the New England Telephone & Telegraph Co. and the Weymouth Street Department for their coöperation and assistance in that work.

At the request and under the direction of the Committee of the Weymouth Educational Association—they paying the expense—we transplanted ten maples, some of them fourteen inches in diameter, at the High School yard, taking alternate trees from the rows set some years ago and setting them in more desirable locations in the yard.

We have found a number of cases of the work of the leopard moth in town this year, and in view of the large number of dead branches on our trees there will be a larger appropriation needed to do the work the coming year.

CHARLES L. MERRITT, *Tree Warden.*

REPORT OF BURIAL AGENT.

WEYMOUTH, MASS., DEC. 31, 1912.

To the Honorable Board of Selectmen of the Town of Weymouth :

GENTLEMEN :—The following is a list of indigent soldiers, wives and widows buried under my direction during the year ending December 31, 1912 :

Ella G. Cowing.

Clinton F. Pope.

Thomas B. Loud.

Respectfully submitted,

WALDO TURNER, *Burial Agent.*

REPORT OF SEALER OF WEIGHTS AND MEASURES.

WEYMOUTH, January 1, 1913.

To the Honorable Board of Selectmen of the Town of Weymouth:

GENTLEMEN:—I submit herewith my report for the year ending December 31, 1912.

Scales of all descriptions, tested and sealed	279
Weights of all descriptions, tested and sealed	856
Dry measures of all descriptions, tested and sealed	22
Wet measures of all descriptions, including pumps, tested and sealed	378
Yard sticks	34
Number of scales condemned	11
Number of wet measures condemned	9
Number of dry measures condemned	4
Number of yard sticks condemned	3
Weighing and reweighing of coal 4 times	
Total amount of fees collected	\$132 85

F. D. SHERMAN,

Sealer of Weights and Measures.

REPORT OF INSPECTOR OF LIVE STOCK.

To the Honorable Board of Selectmen of the Town of Weymouth:

I hereby submit my report for year 1912 as inspector of live stock. Whole number of cows 679; cows 601; young 87; sheep 4; goats 12; oxen 6; bulls 13; swine 189. I am pleased to report that the sanitary care of stables is greatly improved. There have been 9 horses killed for glanders and farcy, 8 cows for tuberculosis, all of which have been buried or rendered.

Respectfully submitted,

F. WILBUR LOUD,

Inspector of Live Stock.

REPORT OF REGISTRARS OF VOTERS.

Gentlemen of the Board of Selectmen:

The Registrars respectfully submit the following report:

The number of voters at opening of polls at election, Nov. 5, 1912, was 3039; by Precincts as follows: One, 478; Two, 471; Three, 671; Four, 367; Five, 545, Six, 507.

The number of assessed polls is 3969. The percentage of poll tax payers who are voters is 76%. By Precincts as follows: One, 78%; Two, 78%; Three, 71%; Four, 75%; Five, 88%; Six, 72%.

The number of women voters is 541. By Precincts as follows: One, 84; Two, 76; Three, 206; Four, 29; Five, 56; Six, 90. Thirty-nine per cent. of this number (214) voted at the annual town election, March, 1912.

The Registrars desire to thank the Assessors for their willing co-operation in the work of registration.

BENJAMIN F. SMITH.

MARSHALL P. SPRAGUE.

JOHN A. RAYMOND.

PATRICK E. CORRIDAN.

Weymouth, January 18, 1913.

Report of the Committee at the Last Annual Town Meeting, to act upon the following vote and Report at the next Annual Town Meeting.

Voted, That the Board of Engineers (together with a Committee of five, to be appointed by the Moderator) act as a committee, to investigate, and recommend, a suitable piece of Auto-Apparatus (preferable one with a pump), to investigate the cost of maintenance, and report at the next Annual Town Meeting and that other action under this article be postponed until that time.

The committee appointed met and organized with Gordon Willis as chairman and Francis M. Drown as secretary.

The committee held five meetings and have been ably assisted by the Board of Engineers.

Many circulars have been received from the makers of Auto-Trucks and Combination Wagons and demonstrations have been shown the committee in many places like the City of Boston, Brockton, Quincy, Hull and Rockland.

The advisability of bying a Chassis and having a body built upon it by some local builder and procuring the necessary articles for its use was thoroughly discussed and the practicability is for your examination in Ward 3 where the firemen assisted by the citizens have placed one in their engine house ready to respond to all alarms.

The recommendation of "One with a pump perferred" did not meet with the approval of the committee the cost being about \$8,000.0 to \$9,000.00 and we find that they are still in an experimental stage.

The cost of maintenance has been the most perplexing, as most of the towns have had them but a short time, and have not had much of an outlay. The city of Brockton has had one in operation for two years at an expense of \$471.57, and the estimates of the others received was on an average of \$200 per year.

The committee believe that if the town of Weymouth desires to purchase that they should procure one of a good reliable maker, such as the Pope-Hartford, the La France, the Knox and the Kelley, all who have good reputations; and realizing that the town of Weymouth is handicapped by not having horses available for fire purposes (as it is the quick response that does the most good), and that she desires to be progressive like her neighboring towns, who are procuring motor power, the committee would recommend the purchase of an auto-combination wagon not to exceed \$5500, which can be procured of any of the above makers.

Respectfully submitted,

MATTHEW O'DOWD, <i>Chief,</i>	GORDON WILLIS,
WALTER W. PRATT,	FRANCIS M. DROWN,
JOHN Q. HUNT,	CHARLES H. KELLEY,
CHARLES W. BAKER,	ELMER E. LEONARD,
PHILIP W. WOLFE,	WILLIAM B. DASHA,

Board of Engineers.

Committee.

REPORT OF THE PARK COMMISSIONERS.

The Board of Park Commissioners has the honor to submit herewith its annual report for the year ending December 31, 1912.

Webb Park at the Landing has received such care as was deemed necessary to keep the grounds looking neat and attractive, which required the services of a man about once a week. The trees and shrubbery appear to be flourishing, and the park as a whole looks inviting, and has been used by the public quite largely, especially by the boys as a playground. Following is a statement of the receipts and expenditures on account of this park :

Balance unexpended last year	.	.	\$104 72	
Appropriation, 1912	.	.	50 00	
Mary L. Condrick, pasturage	.	.	10 00	
			<hr/>	\$164 72

EXPENDITURES.

Joseph Delorey, labor, mowing	.	.	\$10 00	
Jeremiah Coffey, labor	.	.	4 22	
Albert T. Atwood, labor	.	.	7 25	
Jeremiah Coffey, labor	.	.	2 25	
J. R. South, labor, ploughing, etc.	.	.	5 00	
J. R. South, 1 cord manure	.	.	7 00	
W. H. Clapp, superintendence	.	.	10 00	
			<hr/>	\$45 72

Balance unexpended	.	.	<hr/>	\$119 00
--------------------	---	---	-------	----------

Beals Park at North Weymouth has received more care the past season than for a number of years, but on account of the conditions, the park shows the work put out on it but very little.

Receipts and expenditures on account of this park are as follows, viz, which also include Great Hill Park :

1912.

Jan.	1.	Cash on hand in bank	.	\$364 70	
April	10.	Interest	6 06	
June	6.	1 years rental Great Hill			
		Park, S. Ford	35 00	
Oct.	10.	Interest	5 68	
Dec.		Interest	40 40	
				<hr/>	\$451 84

EXPENDITURES.

March	5.	Fence expenses	\$48 60	
April	8.	Water rates	6 00	
April	22.	H. Souther, labor	7 25	
June	3.	W. B. Dasha, plants	6 00	
June	6.	H. Souther, labor	1 00	
June	15.	F. H. Kittridge, labor	14 75	
Nov.	1.	F. H. Kittridge, labor	15 75	
Nov.	1.	F. H. Kittridge, labor	12 00	
Nov.	1.	H. Nadell, labor, etc.	25 62	
				<hr/>	\$136 97
					<hr/>
Balance in bank				.	\$314 87

Great Hill Park remains as last reported.

Respectfully submitted,

LOUIS A. COOK,
WILLIAM H. CLAPP,
ARTHUR H. ALDEN,
Park Commissioners.

ASSESSORS' REPORT.

JANUARY 1, 1913.

From time immemorial it has been the custom of having the books written up under the headings of Ward 1-2-3-4-5. This year we have had them written up under alphabetical headings, which, in our opinion, is a more up to date method, and is in keeping with the ways adopted by our most progressive cities and towns. It took time and patience heretofore to find out if John Jones was assessed. Now simply look at "J" and you either find or do not find very quickly. Few people realize the importance of having the opportunity to examine the records and see for themselves just what they are assessed for, as well as to see what is being done by the Board of Assessors. Co-operation is needed, every one is liable to make errors; the more knowledge you impart to the Board, the more correct will be the assessment. Bear in mind that the books are at the town office, and are always open for your perusal.

We have assessed upon the polls and estates of all persons and corporations liable to taxation the sum of \$191,860.86, and have committed the same to Winslow M. Tirrell, Esq., the duly elected collector of Taxes, with our warrant in due form of law for collection and payment in accordance with the vote of the town and the warrants of the Commonwealth of Massachusetts.

Commitment Sept. 24, 1912,	\$183,749 47
" Oct. 28, "	6,690 01
" Dec. 20, "	1,421 38
					<u>\$191,860 86</u>
State Tax	\$13,937 50
County Tax	6,209 11
Metropolitan Park Tax	2,432 75

Respectfully submitted,

WINSLOW M. TIRRELL,

Tax Collector.

REPORT OF SURVEY OF TOWN.

To the Honorable Board of Selectmen of the Town of Weymouth:

GENTLEMEN—I submit herewith my sixth annual report on the town survey, together with a brief mention of other engineering work or surveying made necessary either by petition to the Selectmen from citizens or occasioned by the increasing growth of the town and the adoption, in some measure, of various improvements. This latter work has included the making of plans for use in court in various suits against the town; giving grades for town drains; the measurement of the frontage of abutting owners along the streets treated with oil, for the use of the Assessors; the measurement of the amount of tar concrete of various grades and prices, laid the past year, to determine the proportion chargeable to each abutter; the giving of a doubtful street line to an adjacent owner, or staking out one to show an encroachment; preparing plans for the purpose of a hearing on streets petitioned for by citizens of Weymouth; and in several cases the laying out or relocation of a street with plan and description for record. In nearly all of the cases cited the town survey sheets have been of great help, and, by eliminating in most cases, much of the field work, have materially reduced the cost of said work.

In regard to the question of new streets, it would seem advisable that when laid out by private parties (contemplating an acceptance by the town) a plan acceptable to your Board for both line and grade should be prepared and adopted and I would respectfully recommend that when any future street is laid out and accepted by said town that it be marked by stone bounds with drill hole in the centre. It might be wise also to have one or more of the important streets made definite each year and thus marked.

A set of town survey sheets has been sold the Electric Light Company on which they have had shown the location and kind (either arc or incandescent) of every street light in town and also the position of their intervening poles. This is I understand to be filled by them at the town office.

The same thing could be done in the matter of showing the entire water system (size and location of all pipes, important gates, etc.) throughout the town. The hydrants have already been located and shown on said sheets.

In towns having sewers such sheets are used to show the location and size of the various pipes; also the location of every branch is indicated, so that the proper connection for any building may be easily seen by inspection of the plans, and located on the ground by distances (given on said plans) to the nearest manhole. The area covered by sewer assessments is also often shown. While Weymouth has not as yet taken up to any extent the question of sewers and may not for several years to come I note that at a meeting this month of the Weymouth Board of Trade, the President, who is also the Chairman of your Board includes the subject under the list of suggestions of things to be considered, a number of which seem likely to receive attention at the coming March meeting.

Some towns also have a set of so called street numbering plans whereby a person applying to the town engineer or selectmen, as the case may be, can immediately obtain the proper number for any house either old or new.

A comparison of the number of town survey sheets sold during the past year with the sale in previous years is the best indication of the extent to which the sheets are being used, while the constantly increasing number of transfers shows how the assessors' work is growing larger and more important each year.

Assuming the entire survey to be completed with an appropriation in 1914, that is two more years of work, it will probably still be necessary to appropriate some amount annually for the purpose of maintenance or the keeping of the plans to date for the assessors use. I doubt that (with the card index, the card system of transfers now in use together with the increasing valuation and growth of the town) the old system without plans, or even with plans not up to date, would be either acceptable to the town or profitable from a financial standpoint. I would respectfully call the attention of your board and also the citizens of the town, to this what seems to me, important fact. At the present time this revision from year to year is being done in addition to the new works, from the amount appropriated each year. During the past year, however, the same acreage (about 1500 acres)

has been covered as has been done each year since the work was commenced.

The work in general the past year has been continuous, connecting with previous year and running southerly, as has been the policy of your Board from the first, a policy the wisdom of which I think has been shown by the results obtained. The method of doing a little each year is a common one in towns, and satisfactory in that it allows a closer inspection of detail and tends toward uniformity throughout the entire town. Within the month I have answered a query regarding our Weymouth sheets and cost of same from an engineer in Amesbury, which town is, as he states, contemplating the plotting of assessors' sheet. Also I have gone over this work with an engineer who is doing something along these lines (and comparing notes with other towns) for the town of Belmont.

At the present writing there are in the hands of the assessors 45 sheets, with 10 or more (embracing the field work of 1912) in various stages of construction. The 45 sheets mentioned will be revised to April, 1913, for the assessors' use, and a part of those under way will also be completed for their use.

I have sold for the town subsequent to my last report prints amounting to \$201, of which amount \$157 was received from the sale of 157 town survey sheets at \$1 each, and the balance from the sale of five prints of the index map referred to in my report for 1911. In addition Mr. Worthen, the town counsel, has been supplied with a full set of prints to date.

In the district being covered at present, continuity of extension has been sacrificed somewhat in order to economize on the work; for instance, taking advantage of extremely low water, the entire shore line of Weymouth Great Pond has been located, although only a portion of it properly comes into the so-called 1912 work. Probably at high water, with the necessary cutting for lines involved, the expense would be more than doubled, while even when covered with ice it would be increased.

Referring to the above index map, it is the intention, in addition to revising those they already have, to supply the Assessors the coming year with six additional sheets numbered 45, 47, 48, 49, 50 and 51.

The southerly limit of the work for 1912 will be in general a straight line extending nearly due east and west across the town

and passing somewhat south and nearly parallel with Hollis Street and also south of the South Weymouth Depot. Adjacent the Braintree line, however, considerable work south of this line has been done.

The transfers for the years 1908 to 1911 inclusive were listed in the report for 1911, and commencing in 1908 with about 365 transfers increased each year to a total in 1911 of about 570. While I have not the exact figures before me this has been augmented the past year, the result being about 600 transfers. Above figures are exclusive of tax sales.

There are at present 17 plans of land in Weymouth registered in the land court showing some increase since the number noted in my report for 1909.

This report has perhaps deviated somewhat from the strict interpretation of the town survey work, but the uses to which the resultant plans have already been put, although anticipated, have given rise to these and other questions which space does not allow me to touch upon at this time.

In concluding I would refer to what I have written in various reports regarding doubtful and obscure lines; temporary omissions where owners or boundaries were uncertain; and would extend herewith my thanks and appreciation to those who have loaned me plans, and by other information have assisted me in eliminating to some extent said omissions.

To all others who have aided either myself or my assistants in any way, I take this opportunity to express my thanks.

I have retained two of the men during the past year who were on the work in 1911; Mr. Libbey continuing in my office as first assistant.

As in the past I have had the fullest confidence and courtesy shown me by your Board and by other town officers, for which I wish to extend my thanks.

Respectfully submitted,

RUSSELL H. WHITING,

Civil Engineer.

REPORT OF THE BOARD OF HEALTH.

To the Citizens of the Town of Weymouth:

Board organized, Dr. George E. Emerson, Chairman, Nelson B. Gladwin, Secretary. The general health conditions seemed to have improved during the past year, there being fewer diseases dangerous to the public health reported than for several years.

Along the water front improvements in the way of caring for house drainage are being made by many of our summer residents. It is important that all cottages should be connected with underground drainage of some kind. If this is done it will do away with the obnoxious surface drainage, which not only serves as a breeding place for insects, but is also a menace to the public health. In some cases where there is not room enough for this improvement we would suggest that several property owners have common cesspool, provided that there is proper soil for carrying off the surplus water.

There is no doubt but that within a very few years it will be necessary to provide sewers in the thickly settled sections, because at present it is almost impossible to enforce strict sanitary regulations.

The matter of garbage disposal has been brought to the attention of the Board during the year and we have found that in one congested community satisfactory results have been obtained by the occupants of houses paying a small fee to some one to collect offal frequently. This seems to us the best way, because of the distance between centres it would be expensive for the Health Department to collect from all parts of the town.

The dairy farms are showing improvements. We want to impress the citizens who furnish milk that they cannot go too far in the way of cleanliness in its care and production.

The premises around the water supply have been inspected several times during the year, and while we found it in the immediate vicinity satisfactory, we feel that some arrangement should be made to safeguard our residents, as it is impossible to keep out the impurities which are constantly washing in from the watershed.

The town having accepted the Tenement House Act, we decided that we should adopt the State plumbing laws necessitating all new work and all alterations should be performed by licensed plumbers in a manner satisfactory to the Inspector of Plumbing, thus insuring an improved sanitary condition.

Contagious diseases reported during the year :

Anterior Poliomyelitis	1
Cerebro-Spinal Meningitis	1
Diphtheria	10
Measles	28
Ophthalmia Neonatorum	3
Scarlet Fever	6
Tuberculosis	9
Typhoid Fever	1
Varicella	1
Total	60

REPORT OF INSPECTOR OF LICENSED SLAUGHTER HOUSES.

SOUTH WEYMOUTH, Mass., January 1, 1913

To the Honorable Board of Health of the Town of Weymouth :

I herewith forward report as Inspector of Licensed Slaughter Houses for the year 1912.

Number of animals inspected :

Swine	488
Calves	170
Cattle	8
Sheep	2
Total	668

Respectfully submitted,

GEO. B. BAYLEY,

Inspector.

REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

The thirty-fourth annual report of the Board of Trustees of the Tufts Library is respectfully submitted to the Town of Weymouth as follows :

The library was open to the public 304 days with a circulation of 52,552 volumes, an average of 173—a day ; 4761 of the total number were delivered through the schools, 19,988 through the delivery stations. The largest number issued on any one day was 372 on April 10 and the smallest was 24 on December 24.

The number distributed through the several delivery stations was as stated below :

PRECINCT.	DELIVERY STATION.	LOANS.
1	J. W. Bartlett & Co.	5,493
1	W. J. Sladen	2,139
2 & 6	J. P. Salisbury	5,959
2 & 6	Bates & Humphrey	2,918
4	W. W. Pratt	1,565
4	Marshall P. Sprague	1,128
5	Fogg Memorial Library	786

WORK WITH THE SCHOOLS.

The teachers have borrowed 745 volumes on their cards for school work besides the 4761 volumes which have been sent to the schools.

This year the depositing of collections of books has been extended to one Sunday school. Other Sunday schools desiring to borrow books in the same way are cordially invited to arrange with the librarian for a similar deposit.

STUDENT'S CARDS.

Sixty-eight Student's cards have been used and 923 volumes have been borrowed on these cards during the year.

VACATION PRIVILEGES.

Few of the patrons of the library have availed themselves of the vacation privilege this year, only 95 books having been loaned in this way, possibly because so many of the people spent their vacations near home or made too short a stay out of town for this privilege to be of advantage to them.

REGISTRATION OF BORROWERS.

The applications for cards since the last registration, April, 1909, number 2629, of which 349 have been received this year.

EXAMINATION OF BOOKS.

The annual inventory was made as usual, 9 volumes are unaccounted for, 20 books have been lost, of which 3 were paid for by the borrowers, and 4 of those previously reported as missing have been found. 69 books have been discarded because unfit for circulation.

ACCESSIONS.

953 volumes have been added to the library including 72 donations, 65 replacements and 60 periodicals bound. 337 volumes have been rebound.

Some books in great demand have been duplicated but in many cases several copies have not been sufficient to satisfy the call, particularly when the book desired has been a new and popular work of fiction.

More suggestions for purchase have been received than in some previous years and in nearly every instance the trustees have been able to act upon the suggestions offered.

A special inventory made this year shows that we have now in the library 26,790 volumes exclusive of pamphlets.

A list of books, outside of fiction, purchased during the year, except those listed elsewhere in this report, may be found under General literature in Appendix A.

For a list of books purchased from the Susannah Hunt Stetson Fund see Appendix B.

READING AND REFERENCE ROOM.

Every year the efficiency of this department is increased by the addition of valuable works of reference. The additions for 1912 are: American year book, 1911; Bailey's Cyclopedia of American agriculture, 4v.; Boston directory, 1912; Bryant's New library of poetry and song; Cassell's cyclopædia of photography; Dyer's Compendium of the war of the Rebellion; National cyclopædia of American biography, 13 v., with Supplement I, and Conspectus volume; New international year book for 1911; Saxelby's Thomas Hardy dictionary; Statesman's year book, 1912; Tribune almanac, 1912; Weymouth directory, 1910-11; Whitaker's almanack, 1912; Who's who, 1913; Who's who in America, 1906-1907, 1912-1913; World almanac and encyclopedia, 1912; Young's Dictionary of the characters and scenes in the stories and poems of Rudyard Kipling.

The A. L. A. catalog, 1904-1911, and the List of subject headings for use in dictionary catalogs, 1911, both published by the American library association; and the United States catalog, books in print January 1, 1912; have been added to the cataloguing department.

The list of periodicals varies somewhat from last year, as may be seen by reference to Appendix C.

Among the deep sea fishers, The American monthly, and the Herald of the cross, have not been given to the library this year. The subscription for the World to-day, now published as Hearst's magazine, has been discontinued. Child lore has been merged into Little folks and Current literature is now Current opinion.

The Boston common, The Nautilus, Râja Yoga messenger, The Record, The Theosophical path, and Weymouth times have been added through the kindness of friends.

ART EXHIBITIONS.

Twelve groups of pictures, as stated below, have been received from the Library Art Club and exhibited in the Reading Room, during the year: Indians of the West; The Yosemite Valley; Photographs by Wallace Nutting; The deposits of Italy; Foods from Southern climes; The Medici women in France, England and Spain; Thirteen plates by John James Audubon; Venice, no.5; What grandmother wore, 1840-1870; Mythological pictures; Twenty large photographs; Classic French art.

GIFTS.

Public documents have been received as in previous years, also books and pamphlets from many sources; annual reports, bulletins and other publications have been presented by 41 libraries.

Of the periodicals added to the list this year, Mr. Francis E. Bergeron presents the Nautilus; Miss Eliza Ivers, the Theosophical path and Râja Yoga messenger; the Weymouth times, the Record and the Boston common are received through the courtesy of the publishers. The trustees hereby express their thanks to the donors, a list of whom may be found in Appendix D.

THE TIRRELL DONATION.

The largest gift of the year was made to the town for the library by the will of the Hon. Charles Q. Tirrell, late of Natick, who, in his earlier years, was a resident of Weymouth.

This gift consists of a valuable collection of books comprising about four hundred volumes. These books are to be kept "apart by themselves . . . so that the collection shall be a distinctive one" and the collection is to be called "The Tirrell Donation," as a memorial to Mr. Tirrell's father, the late Dr. Norton Quincy Tirrell, a native of Weymouth, and for many years a beloved physician of this town.

In order that there should be a fund to purchase books for this memorial, Mr. Tirrell also bequeathed to the town, to be used for the library, one thousand dollars, the income of which is to be applied to the purchase of books to be added to the said named gift.

The trustees acknowledge this gift with feelings of deep gratitude to the donor, Charles Quincy Tirrell, who although he won success and honor in the home of his adoption, did not forget the

home of his youth and early manhood, and this memorial to his father will be to the people of Weymouth a memorial also of the giver.

It is regretted that these books could not be catalogued this year, but it was necessary to delay the work until the town should take action on the acceptance of the gift at the next town meeting.

With the growth of the library, the shelves have become so congested that it has been necessary from time to time to remove some of the less used books to the floor above, but this year even such rearranging has left the shelves so crowded that relief must be sought soon in the addition of new stacks, with which it is hoped the much desired free access may be brought about.

This year the necessity of rebuilding the top of the chimney and repairing the boiler called for an extra expenditure.

An electric fan installed early in the summer served to render the rooms more comfortable on those days when the heat was extreme, and a new typewriter has been purchased which makes the work of cataloguing much easier.

CLARANCE P. WHITTLE,

By order and in behalf of the Trustees.

JURY LIST.

The following named persons are proposed for jury service :—

NAME AND OCCUPATION.

Alden, Arthur H., merchant,	292 Bridge
Aldridge, John, agent,	19 Front
Alexanderson, Hans M., boatbuilder	64 Bridge
Bailey, Bernard C., skiver,	644 Broad
Bailey, Fred L., ice dealer,	4 Pond
Barlow, Robert, painter,	135 East
Baker, Howard, pedler,	328 Union
Batchelder, Gaeth, salesman,	79 Webb
Bates, Earl W., clerk,	67 Union
Bates, Abbott C., trader,	45 Charles
Bates, John A., operator,	375 Pond
Bates, Leavitt W., salesman,	150 Middle
Belcher, Elmer E., dairyman,	485 Randolph
Belcher, S. Wilson, fitter,	886 Washington
Belcher, Percy W., grocer,	4 Hollis
Bicknell, George E., manufacturer,	24 Prospect
Binnian, William H., farmer,	Commercial
Blanchard, Franklin, janitor,	728 Commercial
Bond, William A., cutter,	197 Summer
Bradford, Edwin S., shoeworker,	830 Commercial
Brady, Thomas F., laborer,	20 Pond
Brown, Paul F., illustrator,	Hunt's Hill
Boyle, Thomas E., woolsorter,	12 School
Bresnahan, Daniel, woolsorter,	370 Pleasant
Briggs, Frank E., printer,	53 Raymond
Brown, Edward, agent,	72 Sea
Brown, H. Otis, printer,	86 Oak
Burns, Edward, foreman,	95 Union
Burrell, Andrew F., painter,	150 Washington
Burrell, Samuel W., shoeworker,	30 Cedar
Butterfield, John W., baker,	2 Lafayette Ave.

Callahan, Lewis W., decorator,	Mill
Carley, James, plumber,	124 Pleasant
Carter, John A., salesman,	106 North
Cate, Melville, manufacturer,	133 Washington
Chubbuck, Charles H., Jr., insurance agent,	34 Charles
Clapp, Everett F., motorman,	546 Broad
Clark, Frederick W., shoeworker,	18 Park Ave.
Coleman, James H., engineer,	443 Bridge
Colgan, James W., manufacturer,	58 Bayview
Cook, Frank M., painter,	10 Bates Ave.
Crawford, David N., printer,	Tower Ave.
Crawford, George O., operator,	59 Columbian
Croker, Thomas W., fitter,	419 Broad
Cushing, Frank B. A., merchant,	43 Athens
Denbroeder, Charles R., merchant,	. Broad
Donlan, James H., blacksmith,	510 Broad
Dowd, Frank J., solecutter,	126 Pine
Ducker, August J., driver,	100 Main
Dwyer, Frederick B., waiting room,	324 Washington
Estes, S. Ozro, salesman,	80 Neck
Farrington, Henry A., shoeworker,	31 Sea
Field, Walter R., salesman,	73 Union
Ford, Edwin W., bookkeeper,	67 Raymond
Ford, James B., motorman,	210 Middle
Frary, Edward H., jeweller,	41 Summer
French, George H., bookkeeper.	190 Essex
Gardner, Everett W., shoeworker,	55 Tower Ave.
Gardner, Nelson W., mason,	45 Myrtle
Garey, Minot P., real estate agent,	45 Randall Ave.
Gibson, Charles D., cutter,	63 High
Gifford, William H., shoeworker,	350 Middle
Gilligan, Daniel W., shoeworker,	363 Pleasant
Gladwin, Leland L., manufacturer,	62 River
Goodspeed, James Q. B., shoeworker,	25 Shawmut
Grant, Nicholas J., carpenter,	32 Linden Place
Hall, Willard F., laborer,	828 Washington
Halloran, Richard, shoeworker,	190 Main
Hanley, Henry E., leather dealer,	66 Raymond
Harris, Wallace A., shoeworker,	Burton Terrace
Haupt, George L., foreman,	27 Curtis

Hawkes, Albert C., carpenter,	26 Bartlett
Hayden, Wilfred E., leatherworker,	15 Canterbury
Healy, Robert H., cutter,	291 Union ave.
Hersey, Wallace R., real estate agent,	434 Main
Hewett, Benjamin W., clerk,	191 Washington
Hiatt, George H., operator,	93 Torrey
Holbrook, Arthur M., insurance agent,	321 Union
Holbrook, Willard H., shoeworker,	398 Pleasant
Hollis, Charles J., stable keeper,	143 Washington
Hobart, Frank F., real estate agent,	33 Prospect
Horace, Richard, mason,	41 Derby
Howe, Abbott W., clerk,	40 Pleasant
Hughes, Peter F., shoeworker,	496 Broad
Hunt, Edward W., grocer,	59 Front
Jones, James B., salesman,	437 Commercial
Jordan, Edward T., insurance agent,	27 Washington
Kearns, David F., motorman,	1096 Pleasant
Kelley, Charles H., string manufacturer,	731 Front
Kelley, John L., finisher,	67 Park Ave.
Kennedy, Henry J., laundryman,	30 Park Ave.
Knox, James, shoeworker,	412 Broad
Lamrock, George S., salesman,	53 Cain Ave.
Laskey, Edward H., carpenter,	548 Randolph
Leavitt, Charles E., teacher,	30 Broad
Litchfield, Lawrence H., shoeworker,	11 Linden Place
Loud, Willie B., clerk,	714 Main
Lovell, Charles H., stationer,	784 Pleasant
Lunt, Elmer E., carpenter,	52 Church
Martin, Hugh, driver,	678 Washington
Manuel, Frank A., shoeworker,	1210 Commercial
Marr, Sidney F., motorman,	6 Lincoln
Maynard, George C., conductor,	Cedar
McCristle, Thomas, painter,	72 Main
McCue, Thomas F., laborer,	Beals
Merchant, Charles E., shoeworker,	96 Hawthorne
Merchant, Clayton B., moth worker,	912 Commercial
Morton, Harry A., foreman,	92 High
Mowry, Charles B., cutter,	608 Main
Mulligan, Austin P., shoeworker,	154 Lake
Murphy, William H., Jr., salesman,	843 Broad

Murray, George A., laborer,	419 Main
Norton, John J., laster,	58 Webb
Nash, Bertram N., conductor,	253 Front
O'Connell, David, motorman,	57 Richmond
Pettee, Arthur C., butter dealer,	385 Commercial
Pratt, Francis A., salesman,	62 Putnam
Pratt, Herman S., shoeworker,	769 Broad
Pratt, Seth A., general agent,	426 Bridge
Pratt, Stephen F., bookkeeper,	89 Central
Pratt, Walter W., grocer,	Washington
Pratt, Webster L., stitcher,	143 Middle
Rafferty, John F., leather worker,	233 Front
Reid, James H., carpenter,	46 Randall Ave.
Reidy, Daniel, blacksmith,	1205 Pleasant
Richards, Frank A., farmer,	40 East
Richards, Frank W., carpenter,	30 Walnut Ave.
Richards, Fred L., real estate agent,	30 Walnut Ave.
Richards, Howard, leather worker,	392 Front
Richards, Louis E., clerk,	92 Broad
Rockwood, George C., laborer,	47 Reed Ave.
Rogers, Chester H., gas employee,	22 Commercial
Sanborn, Walter F., lumber dealer,	23 Prospect
Saunders, Herbert H., laborer,	505 Pleasant
Shurtleff, Miles M., fish dealer,	625 Front
Simmons, George S., shoe worker,	820 Commercial
Smith, Elmer A., electrician,	65 Front
Smith, George W., motorman,	25 Phillips
South, James R., foreman,	111 Broad
Souther, Lorenzo, painter,	1231 Commercial
Spear, Charles A., florist,	828 Broad
Spear, Horace W., merchant,	42 Bates Ave.
Stowell, Winfred L., grocer,	39 Tower Ave.
Strang, Lewis C., C. S. practitioner,	off East
Taylor, Charles M., draughtsman,	363 North
Taylor, John, boat builder,	12 Shaw
Thayer, Fred A., clerk,	26 Norfolk
Thomas, John W., retired,	426 Bridge
Tirrell, Reuben, cutter,	81 Front
Tirrell, Frank E., edgsetter,	505 Pleasant
Tisdale, Harry D., foreman,	824 Washington

Tobin, John H., shoemaker,	70 Lake
Torrey, George C., insurance agent,	50 Torrey
Torrey, Frank H., assessor,	15 Lovell
Torrey, J. Forest, cutter,	273 Main
Torrey, Alfred F., cutter,	252 Pleasant
Torrey, Charles A., clerk,	634 Main
Trainor, James L., manufacturer,	277 Front
Tyler, William M., janitor,	171 North
Upton, John, laborer,	80 Shawmut
Upton, John, Jr., shoe worker,	80 Shawmut
Vaughan, Ernest, merchant,	35 Washington
Walsh, Patrick J., laundryman,	187 Union
Welch, John F., shoe worker,	14 Reed Ave.
White, George A., mechanic,	271 Washington
Wolfe, David F., shoe worker,	14 Newton
Wolfe, Leonard F., retired,	2 Newton
Wood, Frank H., salesman,	624 Main

BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

TOWN WAYS.

Ways that have been accepted by the town :

Adams place, from Main street to dead end.

Ann, from Abington line to Holbrook line. (State Highway.)

Athens, from Sea street to Bridge street.

Bartlett, from Bridge street to Holbrook road.

Bates avenue, from Union street to Central street.

Bayview, from Bridge street to Sea street.

Bicknell road, from Bayview street to Holbrook road.

Bridge, from Quincy line to Hingham line. (State Highway.)

Broad, from Front street to Commercial street.

Broad street place, from Broad street to dead end.

Burton terrace, from Columbian street to dead end.

Cain avenue, from Broad street to Chard street.

Canterbury, from Pleasant street to dead end.

Carroll avenue, from Middle street to dead end.

Cedar, from High street to Raymond street.

Central, from Union street to Pleasant street.

Centre, from Middle street to Broad street.

Chard, from Putnam street to Hillside avenue.

Charles, from Middle street to Lake street.

Church, from North street to Commercial street.

Clapp avenue, from Broad street to dead end.

Cliff, from River street to water front.

Columbian, from Pleasant street to Braintree line.

Commercial, from Braintree line to Hingham line.

Common, from Stetson street to Washington street.

Congress, from Front street to Washington street.

Cottage, from Commercial street to Broad street.

Curtis, from North street to Neck street.

Curtis avenue, from Pleasant street to Central avenue.

Derby, from Main street to Pond street.

East, from Commercial street to North street.

Elm, from Pleasant street to Pine street.

Elmwood park, from Front street to Braintree line.
 Essex, from Middle street to Commercial street.
 Evans road, from Bridge street to Standish street.
 Federal, from Summer street to Washington street.
 Forest, from Randolph street to Columbian street.
 Foyes avenue, from Broad street to dead end.
 Franklin, from Broad street to Front street.
 Front, from Main street to Commercial street.
 Granite, from Prospect street to Summit street.
 Grant, from High street to Commercial street.
 Green, from North street to Bridge street.
 Grove, from Myrtle street to Raymond street.
 Hawthorne, from High street to Myrtle street.
 High, from Commercial street to Hingham line.
 Highland place, from Main street to dead end.
 Hill, from Commercial street to Hingham line.
 Hillside avenue, from Chard street to Middle street.
 Holbrook road, from Bayview street to Water front.
 Hollis, from Pond street to Randolph street.
 Howard, from Curtis street to Shaw street.
 Humphrey, from Charles street to dead end.
 Hunt, from Front street to Washington street.
 Iron hill, from Pleasant street to dead end.
 Keith, from Summit street to Richmond street.
 King avenue, from Washington street to dead end.
 Lafayette avenue, from Cain avenue to Putnam street.
 Lake, from Shawmut street to Middle street.
 Laurel, from Cain avenue to Maple street.
 Leonard road, from Sea street to Bayview street.
 Lincoln, from North street to Neck street.
 Loud, from Main street to Front street.
 Lovell, from Bridge street to Neck street.
 Madison, from Commercial street to Broad street.
 Main, from Abington line to Washington street. (State High-
 way.)
 Maple, from Cain avenue to Middle street.
 Middle, from Main street to Commercial street.
 Mill, from Front street to West street.
 Monatiquot, from Bridge street to Water front.

- Moulton avenue, from Bridge street to dead end.
- Morrell, from Evans street to Water front.
- Myrtle, from Water street to Cedar street.
- Neck, from North street to River street.
- Newton, from Bridge street to Sea street.
- Norfolk, from Keith street to Tremont street.
- North, from Commercial street to Water front.
- Norton, from North street to Pearl street.
- Oak, from Pine street to Hingham line.
- Park, from Pleasant street to Hingham line.
- Park avenue, from Main street to Park street.
- Parnell, from River street to Water front.
- Pearl, from North street to Sea street.
- Phillips, from Summit street to Broad street.
- Pilgrim road, from North street to Water front.
- Pine, from Pleasant street to Park street.
- Pleasant, from Main street to Commercial street.
- Pond, from Main street to Abington line.
- Pratt avenue, from Bridge street to Dead end.
- Prospect, from Webb street to Washington street.
- Putnam, from Commercial street to Broad street.
- Randolph, from Pond street to Holbrook line.

Vine, from Washington street to Broad street.
Walnut avenue, from Front street to Braintree line.
Washburn, from Shawmut street to Shawmut street.
Washington, from Commercial street to Hingham line.
Water, from Pleasant street to Commercial street.
Webb, from Broad street to Commercial street.
Wessagusset road, from Sea street to Hobomac road.
West, from Front street to Braintree line.
Wharf, from East street to dead end.
White, from Union street to dead end.
Whitman, from Broad street to dead end.
Winter, from Washington street to Front street.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF WEYMOUTH.

1883, September 18. Chapter 174 of the Acts of 1881. An Act to supply the town of Weymouth with pure water.

1887, March 7. Acts of 1887. An Act to provide for precinct voting in towns.

1891, January 23. Chapter 386, Acts of 1890. An Act to authorize the printing and distribution of ballots for town elections at the public expense.

1893, March 13. Chapter 309, Acts of 1885. An Act authorizing cities and towns to license groves to be used for picnics and other lawful amusements.

1894, October 12. Chapter 132, Acts of 1894. An Act relative to precinct voting in towns at annual elections.

1903, June 15. Chapter 101, Sections 1 to 5 inclusive, Revised Laws. An Act empowering the Selectmen to enforce the removal of burnt or dangerous buildings.

Chapter 102, Sections 178 to 180 inclusive, Revised Laws. An Act concerning the granting of licenses for the keeping open and maintaining picnic groves.

1908, March 9. Chapter 33, Section 28, Revised Laws. An Act in regard to impounding stray beasts upon the premises of the field drivers.

1909, March 8. Chapter 25, Section 22, Revised Laws. An Act in relation to watering public streets as amended by Chapter 452, Acts of 1908.

1911, March 13. Chapter 49, Revised Laws. An Act as affected by Chapter 216, Acts of 1908.

An Act in relation to establishing and constructing sidewalks.

Chapter 50, Sections 1 to 9 inclusive, Revised Laws. As affected by Chapter 216, Acts of 1908.

An Act in relation to laying out, relocating, altering, widening, grading or discontinuing a town way.

1912, March 11. Chapter 306, Acts of 1911. An Act in relation to the taking of smelts.

1912, November 30. Chapter 635, Acts of 1912. An Act relative to tenement houses in towns.

Chapter 19, Section 37, Revised Laws. An Act in its application to the police force, thereby placing the police force under the rules and regulations of the civil service.

ANNUAL REPORT
OF
WATER COMMISSIONERS
OF THE
TOWN OF WEYMOUTH, MASS.

1912

WATER COMMISSIONERS.

DOUGLAS M. EASTON, Chairman.

FRANK H. TORREY, Clerk.

GEORGE E. BICKNELL.

JOHN H. STETSON, Treasurer.

EDWARD W. HUNT.

IVERS M. LOW, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

GEORGE W. SARGENT, Engineer.

Office at East Weymouth, Mass.

WATER COMMISSIONERS' REPORT.

JANUARY 1, 1913.

The Board organized March 12, 1912, by the choice of Douglas M. Easton, chairman; Frank H. Torrey, clerk; John H. Stetson, treasurer.

Miss C. E. Briggs continues clerk at office, at a salary of \$500.

C. B. Cushing continues as accountant, at a salary of \$250.

G. W. Sargent continues as engineer at pumping station, at a salary of \$1,050.

Frank H. Torrey was chosen register and collector, he to be paid \$250 and expenses, the Commissioners to pay for his bond.

Ivers M. Low continues Superintendent, at a salary of \$25 per week.

In the inevitable flight through time which we call life, we gain wisdom by mistakes, which at the time they are made, appear to be logical conclusions.

Your Commissioners are no different from others in this particular, although it may appear to some that the more wisdom they are supposed to get by their experience, the greater mistakes they seem to make. Nevertheless we have no apology to make for what may seem to be a wilful desire not to do as well as we know how. The divergence of opinion among wiseacres, who are inexperienced in problems they have not before come in contact with and who express themselves perhaps too freely in the presence of the unthinking, tends to bring odium upon those responsible for the work, and makes them appear as acting against the best interest of the public which they were elected to serve, but such is life.

During the dry season an extra engineer was employed, in order that the pumps could be run from early morning to late in the evening, furnishing from early June until the first of October from one million to two million gallons per day, yet the cry was

for more. A thousand and one questions were asked, suggestions made and propositions put up to your commissioners; some even thought that the town had outgrown the system. It was impossible to do anything that would solve the problem so long as a portion of the consumers persisted in wasting more than would have made up the shortage endured by others, who justly complained at not having enough for everyday requirements, so we kept on doing the best we could to give all as equitable a service as our experience and existing conditions would permit. A consumption of two million gallons or more per day to a population of thirteen thousand, we believe any reasonable person would say is more than enough. In our opinion there are two ways in which the service could be benefited, one by enlarging the pipes all over town and the other by the use of meters, the theory that larger pipes or more of them we think is doubtful, it would mean more waste and those who suffer now would suffer then. In our opinion the use of meters would be the most feasible. That our system is amply sufficient to supply our needs your commissioners have no doubt. The city of Buffalo which takes its supply from lake Erie, when on a flat rate could not supply the demand, even after increasing their pumping plant several times, the city finally adopted meters and got rid of their troubles.

Supervisor James McMurray under date of January 8, 1913, says that Boston's water consumption has fallen 5,000,000,000 gallons per year through the use of meters in that city during the past three years, that the saving of water by the introduction of meters will be still greater when the whole system is metered. He further says "from what I can learn the only people to suffer from the introduction of meters are certain careless property owners who neglect to keep the water pipes and fixtures in proper repair in their houses." It seems to us the town should adopt the meter system and that a maximum rate including the rental of the meter be established.

The town voted last year to authorize the Commissioners to install fifty meters, which was done after some difficulty with parties, who at first thought they wanted them, but changed their minds when they learned that there would be no meter rates established at present. As full a detailed report as conditions would admit of will be found below :

Number of Meter	No of Days Installed	Av. No. Gals. a Day	Total No. Gallons	Cost at Meter Rate of 30 cent. per 1000 Gals.	Proportional Cost per Year	Schedule Rates per Year	No of Persons	Remarks

Cost of Meters	\$8.00 each
Average Cost of Installing	2.30 each
Total	\$10 30 each

We assume that it would take from five to seven years to meter the whole town, and that the cost of the meters all installed would be paid out of the earnings of the department from time to time as funds might be available.

An article will be found in the Warrant on this subject. What say you, fellow citizens? It is up to you.

In our report of 1911 we gave quite a detailed report regarding our ideas as to the condition of our water supply at Weymouth Great Pond. We did not deem it inconsistent when the two ice companies applied for and were granted a permit to harvest ice, others however did and we were served with a mandamus to appear in court presided over by Judge Brayley. The judge being unable to hear the case referred the matter to Mr. Hitchcock. We spent several days with counsel before the referee. After listening to the evidence and personally inspecting the pond and its surroundings, he filed his report which in substance was that the commissioners had acted within their rights. Judge Brayley after reading the report filed by the referee and listening to the counsel on both sides, dismissed the case. We understand that an appeal has been taken to the full bench.

We have employed an officer whose duty has been to see that the rules as laid down were carried out and while in some instances they have been broken, yet in the main his report has been very satisfactory.

We are still of the opinion that we should use every legitimate means to guard well the source of our water supply.

We ask for an appropriation of \$5,000 for the purposes of new construction that may be found necessary; \$5,000 for the purpose of installing meters, and \$1,000 be raised and appropriated for hydrants and the water rents and care of drinking fountains. The expense of maintaining hydrants and drinking fountains, from which no revenue is derived, leads us to make this request. Every home and every person is benefitted by fire protection, and the expense for that protection should at least be borne partially by the beneficiary, and not taken wholly from the revenues of this department. Also appropriation from the revenue of the works as follows :

Interest on bonds	\$20,275 00
Payment of sinking fund	10,000 00
Superintendent	}	8,000 00
Maintenance		
Pumping Station		
Current expenses	}	2,225 00
Office expenses		
Commissioners		
Total	<hr/> \$40,500 00

Respectfully submitted,

D. M. EASTON,
 F. H. TORREY,
 GEORGE E. BICKNELL,
 EDWARD W. HUNT,
Commissioners.

REPORT OF THE TOWN ACCOUNTANT.

WEYMOUTH, January 1, 1913.

To the Board of Water Commissioners :

GENTLEMEN : Herewith is submitted the eleventh annual report of the Accounting Department, showing the receipts and expenditures on account of the Weymouth Water Works for the year ending December 31, 1912, as follows :

CONSTRUCTION :

Tenney, Morse & Co., pipe . . .	\$1,400 20
Water Works Equipment Co. . .	1,006 52
A. M. Byers Co., pipe . . .	922 68
Lead Lined Iron Pipe Co., pipes, etc. .	648 25
National Meter Co., meters, etc. .	432 50
Union Water Meter Co. . .	335 46
Braman, Dow & Co., pipe, etc. .	274 22
Chadwick-Boston Lead Co. . .	131 67
Sumner & Gerald, pipe, etc. .	101 45
Builders Iron Foundry, fittings .	77 83
J. E. Sprague, explosives . .	74 79
N. Y., N. H. & H. R. R. Co., freight .	62 79
Walworth Mfg. Co., pipe, etc. .	45 78
E. S. Wright, carting pipe . .	37 75
The Dyar Supply Co., pipe, etc. .	29 65
Chapman Valve Mfg. Co. . .	25 25
W. H. Miner . . .	16 44
M. Gesmer, oil . . .	9 00
Adams Express . . .	7 81
N. R. Ells, sand . . .	7 50
Highway Department, explosives .	5 28
W. H. Gallison Co., pipe, etc. .	4 68
D. N. McKay. , . .	3 90
W. James Leigh . . .	3 50
Everett Loud . . .	2 25
J. W. Bartlett & Co., oil, etc. .	1 71
W. F. Sanborn & Co. . .	1 04
D. Reidy . . .	80

FRANK H. TORREY,

Registrar and Collector.

SUPERINTENDENT'S REPORT.

To the Board of Water Commissioners:

GENTLEMEN: I hereby submit my report for the year ending December 31, 1912.

POND.

The usual notices were posted around the pond prohibiting boating and fishing; to enforce these rules had a man patrol the pond. The water reached the lowest point Oct. 27th, when it measured thirty-eight inches below mean high water mark. The lowest points in previous years as compiled from the Department records are as follows;

1884.	60	inches below mean high water mark.
1886.	60	“ “ “ “ “ “
1890.	56	“ “ “ “ “ “
1891.	61	“ “ “ “ “ “
1892.	57	“ “ “ “ “ “
1899.	60	“ “ “ “ “ “
1908.	47½	“ “ “ “ “ “

As previously recommended the dam on Randolph Street should be rebuilt. I do not see how this work can be postponed any longer. A new floor has been laid in gate house. The woodwork on some of the screens in gate house need renewing. The result of the examinations from the State Board of Health show no unusual conditions and are in detail in a following report.

PUMPING STATION.

The station is in good working order with the exception of the Dean Pump; late in the season a crack was discovered in one of the cylinders, probably due to a defect in the casting. It is now being repaired. During the hot weather, there was so much water being used that the pressure was poor in some localities, causing a great inconvenience to many water takers. To remedy this an extra engineer was employed to fill the standpipe nights, so that the day engineer could pump more into the entire system:

while this helped in a measure, it did not solve the problem, and some days during the hose periods was unable to supply the demand, with a full standpipe and both pumps running at their full capacity.

During one of these days there was pumped, as by our records, 1,696,310 gallons or over 100 gallons per capita, not taking into account what flows by gravity. When many places are using only 40 gallons per capita, and 60 gallons are considered more than ample, the amount used was abnormal, even then there was not enough water, more would have been used if it could have been obtained. Under these conditions our pumping facilities are inadequate. In looking over the records I find that on July 17, 1892, there was pumped 1,232,314 gallons, the cause as stated in the report, being the unnecessary and extravagant use of the water; this was the record for a days pumping until this year. Whether it should be policy to undertake to furnish all the water that can be used or to restrict the amount to that used legitimately is a question. The pumping situation is this, abnormal unrestricted use inadequate; normal restricted or necessary use adequate.

In view of the fact, however, that the presents pumps have been in use from twenty to twenty-five years, they have been much improved on and there is no question, if new pumps were to be installed, a different type would be chosen, larger capacity and cheaper operating. One of the causes of poor pressure on the gravity is this, a single pipe runs from pond to station, to supply both pumps and gravity; when the pumps are still the gravity gets all the water, when the pumps start they take what they pump from the pipe, the water that is left runs into the gravity system, in other words it is robbed of so much water what the pump uses. An independent main to the pond to supply the pumps alone, leaving the present pipe for the gravity would be an improvement. But whatever the cause the fact remains that many water takers are not receiving proper service, which should be remedied.

This may be done in four ways, one is by increasing the pressure, which means larger pumping facilities, second by increasing the size of the mains, third by combining both methods, fourth by conserving the present supply by the use of meters. Whatever method is adopted means the expenditure of a large amount of money. The situation, however, must be met. The leading

question is, what will give the most satisfaction at the least expense? It will be only by a careful study of financial and physical conditions that any reliable or definite conclusions may be got. I should advise a Consulting Engineer be employed for a proper solution of the problem.

HYDRANTS.

The hydrants are primarily installed for fire protection, and any other use should be restricted. Under present conditions they are in frequent and common use for street sprinkling, steam roller, tree spraying, etc., in all parts of the town. The promiscuous use to which the hydrants are subjected makes it almost impossible to warrant them in working order when you consider the number, 422, scattered over a town of this size. If not operated properly they will get out of order, which means a frozen hydrant if not looked after. Last winter they required almost daily inspection. The importance of their being in working order cannot be overestimated, consequently the hydrants should be used for other than fire purposes only when absolutely necessary, and then operated by practical men.

Seven hydrants that leaked badly were replaced with new ones. Two new hydrants were installed, one on West Street, opposite James McDonald's, and one on Federal Street, between Front and Summer Streets.

MAINS.

6,434.8 feet of main pipe of all sizes has been laid during the season. In common with many other departments the unusual length and severity of the cold weather last winter caused some of the smaller mains to freeze, pipes of a diameter of two inches or smaller. These mains were laid at the usual depth and had never caused any trouble from this source before. In thawing them out an electric current was used which proved to be a satisfactory method. The Electric Light and Power Company furnished the electricity and necessary apparatus. The extensions in detail will be found in a following report.

SERVICE PIPES.

In common with many other water departments the intense cold of last winter froze up a great many of the services; these

were thawed out as expeditiously as possible using electricity when practical, The very old services, those that were nearly or partially stopped with rust and sediment, giving the most trouble. Forty-eight leaks have been repaired during the year.

One hundred and thirty-five new service pipes have been laid and sixty-nine old service pipes have been relaid as follows:—

142	$\frac{3}{4}$ -inch lead lined	.	.	.	3,200.5 feet
12	1-inch lead lined	.	.	.	241.6 "
45	$\frac{3}{4}$ -inch galvanized iron	.	.	.	710.3 "
1	1-inch galvanized iron	.	.	.	18.5 "
1	$1\frac{1}{2}$ -inch galvanized iron	.	.	.	10.0 "
3	2-inch galvanized iron	.	.	.	39.6 "

4,220.5 feet

Number of feet of service pipe relaid . 1,571.4 "

Number of feet of new service pipe laid 2,649.1 "

Three thousand five hundred and seventy-two service pipes have been laid to date; of these there are fifty-one that have not been let on and twenty-five that have been discontinued

Number of feet of each size laid as follows:

3135	$\frac{3}{4}$ -inch diameter	.	.	.	70,165.9 feet
328	1-inch	"	.	.	8,690.4 "
5	$1\frac{1}{4}$ -inch	"	.	.	105.3 "
31	$1\frac{1}{2}$ -inch	"	.	.	1,174.5 "
56	2-inch	"	.	.	1,284.1 "

ENGINEER'S REPORT.

SOUTH WEYMOUTH, MASS., January 1, 1913.

To the Superintendent of Water Works:

DEAR SIR: I hereby submit my report of the year 1912.

The Blake pump has done good work throughout the year. I have new packed the plungers and put in all new springs. I have placed one new foot valve in the Blake feed pump and new piped it to the hot well.

I have had two new pistons made for the Deane pump. A leak developed in the suction chamber of the Deane pump which has made it necessary to lay it off for repairs.

I have placed a new valve in the return to boiler No. 1 and fixed the brick work under the front of the same boiler.

From measurement I find that Great Pond was at the greatest height from March 29 to April 5, it being at that time five inches above high water mark, and at its lowest point on Oct. 27, Nov. 29, Dec. 13, it being at that time thirty-eight inches below high water mark.

Respectfully yours,

GEORGE W. SARGENT.

E. W. HUNT,

Chairman Board of Selectmen.

Weymouth, January, 1913.

FIRE WARDEN'S REPORT FOR 1912.

There were about twenty still alarms.

The largest and most serious one was in October. The fire which started in North Abington and burned to South Weymouth, Ward 5. This lasted several days and nights and burned nearly 200 acres of woodland. It cost the town a good deal.

As Warden I would recommend that about \$300 be spent for necessary articles, such as brooms, rakes and chemicals to extinguish these fires.

At present there are two deputies in Ward 5, two in Ward 4; one in Ward 3, one in Ward 2, and one in Ward 1.

E. S. WRIGHT,

Fire Warden.

REPORT OF THE SCHOOL COMMITTEE.

To the Citizens of Weymouth :

The School Committee herewith presents for your consideration the annual report for the year ending Dec. 31, 1912.

The Board last year called the attention of the Town to the crowded condition of the schools at North Weymouth. During the present year the increase has been much greater than was anticipated even by the Committee.

The first year the building was opened (1892) two hundred and thirty-four pupils were enrolled, while during the current year the number was three hundred and fifty-two. It has been necessary to hold half sessions in the first three grades. Three additional rooms are absolutely necessary to accommodate the pupils.

The Board has carefully considered the situation, consulted architects, has tried to obtain the sentiment of the citizens living in the district from which the pupils come, and has decided to recommend the building of an addition of two wings to the present structure, thereby improving the appearance of the building as well as providing the three needed rooms and an extra room for future use when required. This addition can be erected at a cost of \$15,000 and will be less expensive to maintain than a separate building.

In order that all possible progress might be made the architects Loring & Phipps, who drew the plan for the present building, have been asked to prepare plans and specifications, obtain bids from at least five reliable contractors, and report to the Committee before the next annual town meeting, so that the voters may have useful information for their intelligent action. If this recommendation is accepted, and the building of the addition is authorized, the work can be begun sufficiently early in the spring to permit the building being completed by the opening of the next school year in September.

On account of the limited appropriation available for the purpose, the Committee has been restricted to making only such

repairs to the various school buildings as were considered absolutely necessary.

At the Athens School we have replaced some of the plastering which came down and the rooms have been retinted.

The High School was sadly in need of attention and about \$1,600 have been expended in repairs and improvements. The outside of the building has been painted, some of the rooms retinted, a conductor placed on the north side of the building, the gutters repaired, and many slates placed on the roof. A new steel ceiling has been placed in the lunch room in the basement. The plumbing in the chemical laboratory has been a source of much trouble, water leaking through to the rooms below. This has been replaced by new plumbing throughout the laboratory. A partition was built through the principal's room, giving additional room for books and supplies. The grounds in the rear of the building have been cleared of brush and such trees as were not needed for shade. The Educational Association has spent about one hundred dollars in transplanting trees in front of the building, with marked improvement to the grounds. The Association has also appropriated three hundred dollars to be used in building a sidewalk on the street in front of the school. This will be done in the spring. We believe the Town should appropriate an amount sufficient to allow the Committee to use a small sum each year in improvements on these grounds which in their present condition are far from being a credit to the Town. With the thousands of people passing our High School each year, money used in improving its appearance and making its surroundings attractive would seem well expended.

Quite a few repairs were necessary at the Jefferson school. At the Washington and James Humphrey schools only a small outlay was made.

In Ward Three, the old fence between the Hunt school and the land purchased from the Stetson estate was removed and a wire fence placed on the new boundary. In this ward few repairs have been made on the buildings, the board believing it poor policy to lay out a large sum of money on the present buildings. With but a small increase in the present number of pupils we shall be confronted with the same condition now existing at North Weymouth. For a number of years the hall at the Hunt

school has been used as a class room. The light in this room is very poor, and its heating expensive. We believe it will be for the interest of the town to replace the present building with a modern building of fourteen rooms.

In South Weymouth some of the rooms are crowded, and in the near future provision will have to be made for a new school house in that part of the town. We feel that the town should take some action at the present time in regard to securing land suitable for that purpose. At the Bates school a new fence was built and a few minor repairs made. At the Howe school only a few repairs were necessary.

During the summer petitions were received from residents in the Pond and Hollis school districts asking for the reopening of these two schools. Acting upon what the committee considered at the time to be reliable information, to the effect that there was a larger number to attend than were enrolled at the time the schools were closed, the committee voted to reopen them.

In view of the necessary employment of three additional teachers at North Weymouth at an expense of at least \$1500, the increasing cost of fuel and the need of constant and extensive repairs, the committee feel obliged to ask for a larger appropriation than was made last year.

We respectfully submit the following estimates for school expenditures for the coming year :

RESOURCES.

Balance from 1911	\$16,347 28

REPORT OF SUPERINTENDENT OF SCHOOLS.

Members of the School Committee :

I herewith submit my fourth annual report, the same being the twenty-seventh in the series of annual reports of the superintendents of this town.

Of the four years I have acted as superintendent of your schools, I have found the present year in many respects the most pleasant, sustained as I have been at all times in the performance of my duties by your hearty co-operation and support. In order to obtain the best results from any school system, it is necessary that harmony should exist in all branches of the work, otherwise much of the energy which should be devoted to the upbuilding of the schools, will be devoted to plans inspired by personal interest or prejudice.

The past year has been a successful one in the history of the schools, and I feel that much of the advance made has been due to the progressive spirit of the teachers, the kindly interest of the parents, and the hearty support given by the committee to all measures for improvement. I wish to take this opportunity to thank all concerned for the cordial and helpful spirit shown in the endeavor to raise the standard of our schools.

A brief review of the year's work shows that we have had many favorable conditions. The per cent. of attendance has been higher than last year and is higher than the average for the state although there have been several epidemics of children's diseases. There have been fewer changes in the teaching force. The principals, with one exception, are the same as last year. That good attendance means something even in dollars and cents, the following figures will show. With the per cent. of attendance that we have been able to maintain, there have been on the average 173 children absent each day from school. Taking the average membership for the year closing June 30, 1912, and the expenditures for the same period as a basis, we find that the average daily cost per child is almost exactly fifteen cents. The

daily loss in efficiency therefore amounts to \$25.95. the yearly loss to \$4,890.50. Much of this waste is remediable, as a careful study of the causes of absence has led me to believe that over five per cent. of absence in any one year is unnecessary.

It may be of interest to note in this connection that the average daily cost per pupil for the state, according to the report for 1910, was nineteen cents. 166 towns and cities paid more per pupil than Weymouth. 187 paid less. Of the six towns the nearest in population to Weymouth, one paid less per pupil, five paid more.

In proportion to its valuation Weymouth deals generously with its schools, there being but twenty-one towns in the State that pay more per thousand dollars valuation, but in proportion to its population Weymouth has more children in its schools than any other town of the same relative number of inhabitants. Taking the valuation of the town as a basis the total cost of the schools seems large, but considering the large school population as a basis the average cost per pupil is small.

The resources at the disposal of the school department have not been as large as desired owing to a small appropriation made last spring. At the annual meeting in March, 1909, when the present salary schedule was voted by the town, it was stated that an appropriation of \$63,000 would be necessary as soon as the teachers reached the maximum salary, but at no time since then have we been able to get an appropriation equal to that amount. In consequence many things needed, but not absolutely necessary, have been omitted. It has been customary each year to equip a certain number of rooms with adjustable desks, but it has been impossible to do this for the last two years owing to a lack of money. It is quite essential that this work should be continued as many pupils in town are seated at desks which are not adapted to their size and which cannot be adjusted.

It has been evident for a number of years that additional school accommodations would soon be needed at North Weymouth, owing to the steady growth in population in that part of the town. Previous to this year it has been possible to take care of the children without serious difficulty, although there have been two or more crowded rooms. The registers show that the average membership for the year closing June, 1909, was two hundred and sixty, for 1910 it was two hundred and seventy, for 1911 it was two hun-

dred and seventy-eight, for 1912 it was three hundred and four, and since September of the present school year it has been three hundred and forty-five, with a total membership in October of three hundred and fifty-two.

Mathematically it is possible to seat three hundred and fifty pupils in a seven-room building, if you place fifty pupils in a room regardless of classification, but logically it is impossible to accommodate that number of children if you consider the grade as the unit of division. Four of the nine grades must be placed in two rooms, and even if you select those with the smallest number of pupils you cannot avoid having from sixty to eighty pupils in some rooms. For example, if the pupils who presented themselves at the Athens school in September had been assigned to rooms according to the regular plan we should have had sixty pupils in the first grade, seventy-seven in the second and third, forty-three in the fourth, thirty-two in the fifth, forty-nine in the sixth, thirty-one in the seventh, and sixty in the eighth and ninth. It can be very easily seen that such an arrangement could not be carried out, and for that reason the pupils of the first three grades were placed on half time. Actually they have had over half time as the afternoon session has been made an hour longer. Such an arrangement is of course temporary.

For several reasons it seems best that four rooms be added to the present structure :

First—A brick addition of the same material and design as the present structure can be built for less money than a separate wooden building would cost, if the price of land is included.

Second—The running expenses, heating, janitor service, repairs, etc., would be less.

Third—It could be done more quickly, as the delay attendant upon selecting and securing a new building site would be avoided.

Fourth—An eleven-room building lends itself more readily to the accommodation of a nine-grade system than two buildings, widely separated, one of seven rooms and the other of four.

Fifth—The architect states that such an addition would improve the appearance of the present structure.

Many factors enter into the success or failure of a school in its efforts to secure a high grade of work. Equipment, teaching force, home influence, previous preparation, and student effort, all have a direct bearing on the position which a school occupies in a com-

munity. I shall give more than the usual amount of time to the consideration of these factors, as I feel that there are many who do not fully appreciate the excellent quality of work being done in our High School.

The school desires to be of the greatest possible use to the public, but its efficiency depends in a large degree upon the co-operation of the parents and the individual effort of the students. The parents are urged to consult with the principal and teachers, if the student shows lack of interest in his work or little progress. Students sometimes elect subjects which they are unable to master, more often they neglect their studies until they fall behind their classes and then report at home that they cannot do the work, are not interested in it and ask to be allowed to change. Such a change in the middle of the year, in the majority of cases, is the worst thing possible for the student, as he finds himself so far behind the class which he enters that he is unable to take up the work to advantage.

It is generally true that if a student enters the school before he has suitable preparation he is unable to profit by the work. If he enters with a narrow margin above the pass mark, due to the constant prodding of his teachers or outside assistance, he is almost sure to fail. High School work requires initiative and independence. The shorter hours of the session make necessary a large amount of home work and such work should be carefully regulated and insisted upon by the parents. The fewer opportunities for individual help by the teachers make it necessary that the pupil should begin to master his difficulties by himself.

The teaching force is stronger than it has been at any time during my acquaintance with the school. A helpful spirit of co-operation exists between the pupils and teachers. The discipline is excellent. A more advanced course is being offered to the students of the scientific department. The work of the business department has been divided, additional periods and more time per period being given to the typewriting and shorthand. Business penmanship has been introduced and the work in book-keeping has been placed on a more practical basis.

In connection with the music of the school I wish to speak of the growing interest in the subject manifested by the student body. An excellent orchestra has been formed in the school, a Victor victrola has been bought and nearly paid for, and two concerts have been given which were highly appreciated by the

parents and friends of the school. Much credit should be given Mr. Calderwood for his untiring energy and enthusiasm and for the large amount of time that he has given to the music outside of school hours. I should also like to take this opportunity to express our appreciation of the kindness of Mrs. Elizabeth B. Pratt who generously gave a number of valuable records for use on the victrola.

The recent graduates of the school are distributed among the colleges and normal schools as follows: Boston College 9, Boston University, 1, Brown 1, Amherst 1, Harvard 2, Amherst Agricultural 5, Wentworth Institute 2, Mt. Holyoke 2, Yale 1, Dartmouth 1, Wellesley 3, Massachusetts Institute of Technology 4, Radcliffe 1, Pratt Institute 1, Tufts Dental 1, Business colleges 14, Normal schools 4.

The present system of medical inspection has now been in force for two years. The table given on the following page shows the character and amount of work accomplished. The total number of examinations is less than last year although the quality of the work has been better. Owing to the previous lack of careful inspection there were two hundred and thirty-nine cases of examination for vaccination last year as against 74 for this year.

From my own observation I can see that much of the work of the inspectors is nullified by the fact that many of the parents even after several notifications pay no attention to the recommendations sent them. This is due in many cases to the fact that the parents are unable to furnish the treatment necessary and I would suggest that here is a broad field for philanthropy on the part of individuals or organizations if there are those who care to assist in this line of work.

The inspectors have frequently called my attention to cases of neglected eyes, or cases where the hearing is being affected by growths in the nose or throat. There are also cases where the children are in serious need of general medical treatment. For financial reasons the work has been confined simply to recommendation, treatment being given by the physicians only in case of accident on the school grounds.

A comparison of the eye and ear tests for the last three years shows results which are very satisfactory. These tests are bound to vary from year to year as they are dependent wholly on the efforts of the teachers who are not experts. They are intended to discover only the most serious defects of sight and hearing.

In accordance with the recommendation given in last year's report, the Penny Savings System has now become a part of the regular work of one of the local savings banks. On petition of the bank at Weymouth, which was the depository under the old system, permission was given to enter upon the work as soon after April 1st as possible. New folders were issued to the pupils who had money deposited under the old system, the money being transferred from the general fund of the Monday Club as fast as the new forms were made out.

The system is now on a permanent basis and deserves the hearty support of the parents. A collector makes regular trips to the buildings every two weeks, notice is given the pupils a day in advance of the time the collector is expected, and bank books are made out promptly at the end of the month for all amounts over one dollar.

Some idea of the general scope of the work as well as the labor required of the bank can be gained by a study of the table given below, from which I select a few items worthy of notice. From the middle of April, 1912, to January 1, 1913 (about two-thirds of the school months), 4,453 deposits were made, varying from one cent to a few dollars. Over fifty per cent. of the pupils have opened accounts with the bank. In the primary grades the number depositing is much higher than in the upper grades. In the Lincoln school nearly eighty-five per cent. of the pupils have made deposits :

For the last three years the expense of teaching sewing to the girls of the eighth and ninth grades has been met by the members of the Old Colony Club and the Monday Club. Now that the value of this work has been proved, the expense belongs legitimately to the school department and provision should be made to extend the number of lessons given by the sewing teacher and pay her salary from the school appropriation.

The Committee voted to pay part of the expense this year in order that the size of the classes might be reduced and the eighth and ninth grades receive separate instruction. Under the present arrangement the length of the lesson has been shortened, but the average number of pupils per class has been reduced to about fifteen which permits more individual instruction on the part of the teacher.

The boys have done exceptionally good work in manual training considering that the subject has to be taught by the regular teachers. The equipping of the Hunt School with benches has made it possible to teach wood working to all the boys of the eighth and ninth grades. The boys of the Athens School make use of the benches at the James Humphrey, but the proposed addition to the building at North Weymouth includes a manual training room.

During the last few years considerable interest has been manifested in the introduction of some form of agricultural training in the schools. Courses have been introduced in many of our High Schools and the simpler forms of plant cultivation have been taught the pupils of the lower grades by means of home and school gardens. The State College offers free seed to the children taking part in certain of its home garden contests and, in conjunction with the State Board of Education and State Board of Agriculture, offers inducements of considerable monetary value to those taking part in some of its more extensive projects. A trip to Washington, a trip to the Corn Show, a week's instruction free of charge in the College itself should stimulate the ambition of almost any healthy boy. The Legislature has authorized the agricultural fairs to offer a sum aggregating \$200 for prizes to children under eighteen years of age and I understand that over \$100 will be available for this purpose at our local fair the present year.

Although Weymouth is primarily a manufacturing town, there are few places that offer better opportunities for work along this

line. Nearly every home has sufficient land around it to make possible a good sized garden, which, if well cultivated, would furnish many of the necessities of the table and in addition would give healthful and profitable employment to the children. An effort will be made to interest the pupils of all grades in this work.

An article will undoubtedly appear in the town warrant asking for an increase in the teacher's salaries. This should receive favorable consideration as the neighboring towns of Rockland and Abington have raised the maximum for grade teachers to \$700.

Respectfully submitted,

PARKER T. PEARSON,

Superintendent of Schools.

EAST WEYMOUTH, Mass., December 31, 1912.

CLASS ODE.

GERALD CUSHING FITZGERALD.

Almighty God, hear Thou thy children's prayer,
 Lead Thou us forth!
 Almighty Father, take us neath Thy care,
 Lead Thou us forth!
 Into a broader life pass we this day;
 Into a nobler life show us the way.
 Whatever path upon this earth we go,
 Lead Thou us on!
 Whatever joys or griefs we come to know,
 Lead Thou us on!
 And in the bitter strife and future fight,
 May we, Thy henchmen, Lord, strike for the right.
 And when, dear Lord, our work is done at last,
 Lead Thou us home!
 When darkness thickens and the day is past,
 Lead Thou us home!
 No matter where upon this earth we roam,
 Into Thy kingdom, Lord, take Thou us home!
